COURSE CONTENT

Outcomes and Objectives:

The student at the completion of the course will:

1. Describe basic safety techniques for lifting.
2. Increase both size and strength of various muscle groups.
3. Demonstrate knowledge of various muscle groups.
4. Perform various lifting techniques.
5. Record performances in student logbook.

Topics and Scope:

- I. Knowledge of basic anatomy and physiology involving large muscle groups.
- II. Basic techniques of lifting for the following:
 1. Hang snatch
 2. Hang clear
 3. Push jerk
 4. Squat
 5. Bench press
 6. Shoulder press
 7. Lat pulldown
 8. Low lat pull
 9. Leg extension
 10. Leg curl
 11. Tricep extension
 12. Bicep curl
 13. Incline press
- III. Correction of lifting technique by instructor
 1. Compile a logbook for each session
 2. Testing on a bi-monthly basis on different strength components
- IV. Safety discussion of lifting techniques
- V. Phase I

It consists of doing two six-week phases. The base phase builds muscular size and is followed by strength phase.

VI.Phase II

It consists of doing a six-week base phase followed by a six-week strength phase - more size and strength is developed at this time.

The students have their own logbook that has been designed to keep their workouts as simple by providing a place to record and adjust their workouts to their strength level.

Assignment:

Students will:

1. Compile a logbook for each session
2. Testing on a bi-monthly basis on different strength components

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

None, This is a degree applicable course but assessment tools based on writing are not included because skill demonstrations are more appropriate for this course.

Writing
0 - 0%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving
0 - 0%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

PRACTICAL EXAMS

Skill Demonstrations
20 - 40%

Exams: All forms of formal testing, other than skill performance exams.

WRITTEN TESTS

Exams
20 - 40%

Other: Includes any assessment tools that do not logically fit into the above categories.

ATENDANCE

Other Category
40 - 60%
