COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Analyze critical events in US history from the varied perspectives of African, Asian, European, Latino and Native Americans.
2. Analyze the critical role that women from different ethnicities and classes have played in the social, political, and economic development of the United States.
3. Compose expository essays, critically analyzing historically significant people, events, and problems in the United States history connected to issues of ethnicity and/or gender

Objectives:

Upon completion of this course, students will be able to:

1. Demonstrate knowledge of historical methodology and an analytical approach to interpreting the past.
2. Compare and contrast different historical interpretations to explain historical events and societal change over time.
3. Recognize the critical role of gender in the acculturation and assimilation of particular ethnic groups in the United States.
4. Identify the legacies of racism and sexism and their impact on American law and custom.
5. Analyze political, economic, social and cultural developments in the United States from the perspectives of Asian, African, European, Latino, and Native American peoples.
6. Place key events and actors in appropriate historical time periods.
7. Create and support an historical argument.
8. Distinguish between primary and secondary sources.

Topics and Scope:

1. History as Social Science
