Title 5 Category: AA Degree Applicable

Grading: Grade or P/NP

Repeatability: 00 - Two Repeats if Grade was D, F, NC, or NP

Also Listed As:

Formerly: CHILD 68

Catalog Description:

This course is designed to prepare students and professionals who will be working with young children to negotiate the cultural and sociopolitical contexts of a diverse society. Students will examine the contexts of race, culture, gender and socio-economic class as they relate to child development and respectful interactions with families in an educational or social service environment. The focus will be on transformative education that encourages self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media and schooling, and creating pluralistic environments for children and families.

Prerequisites/Corequisites:

Recommended Preparation:

Course Completion of CHLD 10; OR Course Completion of CHLD 110.1 and CHLD 110.2; AND Eligibility for ENGL 1A

Limits on Enrollment:

COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

- 1. Analyze the multiple impacts of culture, gender, race and societal systems on young children's identity and social development.
- 2. Analyze various aspects of children's experience as members of families targeted by social bias, and consider the significant role of education in reinforcing or contradicting such experiences.
- 3. Compare and contrast diverse cultural values and parenting practices, taking into account knowledge of one's culture and practices.
- 4. Demonstrate an understanding of the professional's role as an advocate for constructive social change for children and families.

Objectives:

Students will be able to:

- 1. Compare historical and current perspectives of diversity and inclusion and their impacts on children's identity development and learning.
- 2. Explore and define their own cultural backgrounds and social identities including language, ethnicity, religion, immigration and socio-economic class.
- 3. Explain the nature of systemic and internalized privilege and oppression.
- 4. Develop and implement strategies to counter the overt and covert ways in which stereotypes, discriminatory behavior, and prejudice are learned.
- 5. Understand diverse cultural values and parenting practices in order to work more effectively with children and families.
- 6. Analyze contemporary educational practices and environments for cultural sensitivity.
- 7. Demonstrate ability to negotiate cultural conflicts among families, teachers, children, and administrators in early childhood settings.
- 8. Utilize classroom environments, materials, and interactions that effectively promote each child's identity, as well as delight and respect for diversity.

Topics and Scope:

The following topics will be addressed from an American multicultural context:

- I. Race, Ethnicity and Cultural Styles
- A. The impact of social context on children's development
- B. Beliefs, values and child-rearing practices of diverse ethnic and cultural groups in the United States, including African, Asian, Chicano/Latino, European, Indigenous Peoples of the Americas, and Middle Eastern
 - C. Theories of the development of culture and language
 - D. Specific needs of multiracial children and families
- II. Discriminatory Behavior in Social Institutions
 - A. The role and effect of oppression on children and families
 - 1. Internalized oppression
 - 2. Internalized privilege
 - 3. Mechanisms of discrimination and bias in early childhood settings
- B. Historical dynamics of discrimination based on gender, ethnicity and race, socio-economic status, immigration, sexual diversity, and ability
 - C. Patterns of institutional discrimination
 - D. Self-reflection regarding discrimination and privilege
- III. Development of Bias and Prejudice in Children
 - A. Children's developmental understanding of human differences
 - B. The progression of how children learn bias
- C. Cultural, institutional and media influences on development of biased attitudes including stereotypes
- IV. Pluralistic Educational Environments
- A. Culturally responsive interactions and communication among adults and children, including the teacher's role
 - B. Environmental influences on how bias is learned
 - C. Environments that reflect cultural diversity
 - D. Holidays and religious celebrations
 - 1. Program policies
 - 2. State funded program considerations
- V. Inclusive Educational Practices
 - A. Preventing discriminatory behavior in children and adults
 - B. Diverse learning and communication styles

- C. Negotiating cultural conflicts in early childhood settings
- D. Multicultural curriculum development
- E. Family involvement and parent-teacher communication
- F. Inclusion of children with special needs in early childhood settings

Assignment:

Assignments may include the following:

- 1. Reflective writings incorporating the text and concepts presented in class, approximately 10 papers of 1 2 pages each
