## **COURSE CONTENT**

### **Outcomes and Objectives:**

1. Demonstrate the ability to use a variety of instructional methods.
2. Use a variety of techniques in developing lesson plans.
3. Identify the various testing instruments necessary to evaluate teaching and learning.
4. Select the information necessary to develop cognitive and psychomotor lesson plans and supplemental materials.
5. Create assessment tools in accordance with the latest concepts in career education.

### **Topics and Scope:**

1. Orientation and Administration
2. Instructional Methodology
  - a. Lesson plan development
  - b. Sources of references and materials
  - c. Determining levels of instruction
  - d. Employing the four-step method of instruction
  - e. Teaching diverse learners
3. Instructional Preparation and Delivery
  - a. Elements of a course outline
  - b. Components of cognitive and psychomotor lesson plans
  - c. Developing student behavioral objectives
  - d. Developing a cognitive lesson plan
  - e. Developing a psychomotor lesson plan

- f. Developing and employing ancillary components
- g. Selecting and employing multi-media training aids
- h. Transition techniques within and between training aid devices
- i. Cleaning and field level maintenance for multi-media training aid devices
- j. Develop multi-media training aids
- k. Procedures used for evaluating student instructor teaching demonstrations
4. Testing
  - a. Purpose, section criteria and elements of test instruments
  - b. Creating oral, written, and performance tests
  - c. Methods of administering and grading test instruments
5. Student Instructor Teaching Demonstrations
6. Formative Tests
7. Summative Tests

### Assignment:

1. Read 1- 30 pages prior to each class session
2. Assemble, review and adapt instructional lesson materials
3. Prepare a cognitive lesson plan
4. Prepare a psychomotor lesson plan
5. Perform a cognitive teaching demonstration
6. Perform a psychomotor teaching demonstration
7. Evaluate two cognitive teaching demonstrations
8. Evaluate two psychomotor teaching demonstrations
9. Create and administer sample summative test
10. Create and administer sample formative test
11. State certification exam

### Methods of Evaluation/Basis of Grade:

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

|                                                      |
|------------------------------------------------------|
| Lesson plan, student activities and assessment tools |
|------------------------------------------------------|

|                    |
|--------------------|
| Writing<br>5 - 10% |
|--------------------|

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

|                                                                   |
|-------------------------------------------------------------------|
| Lesson plans, student activities, critiques, and assessment tools |
|-------------------------------------------------------------------|

|                            |
|----------------------------|
| Problem solving<br>5 - 10% |
|----------------------------|

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

|                                                     |
