COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Create paintings in which the student consolidates the skills learned in Art 14B such as organizing pictorial elements, interpreting themes, revising preliminary sketches, and refining painting techniques.
2. Conceive of, execute, and present a series of thematically related paintings.

Objectives:

At the conclusion of this course, the student should be able to:

1. Organize relationships of color, shape, line, edge and texture to achieve unity in a painting.
2. Combine mixed media in paintings.
3. Differentiate between various painting techniques (alla prima, glazing, palette knife, scumble) and use them where appropriate.
4. Interpret the ideas of old masters and contemporary artists, and employ those ideas as a point of departure in paintings.
5. Describe the strengths and weaknesses of their own and peer paintings.
6. Propose content for one's own work in order to make it more personal or relevant.
7. Create both abstract and representational paintings.
8. Define health and safety issues that can arise from the use of paint, solvents and media.
