COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

- 1. Construct costumes using safe and effective costume construction techniques at an intermediate level.
- 2. Explain the role of costume design in the creative storytelling process of a theatrical performance at an intermediate level.

Objectives:

At the conclusion of this course, the student should be able to:

- 1. Summarize the creative, analytical, and practical aspects of costume design from research to organization at an inmediate level.
- 2. Apply the fundamental steps of constructing a theatrical costume at an intermediate level.
- 3. Explain the process and procedures used to costume a theatrical production.
- 4. Describe the functions of the personnel associated with the design, construction, and organization of costumes within a theatrical framework.
- 5. Define and describe the relationships of deadlines, scheduling, rehearsals, and performance for any given production.
- 6. Explicate the physical requirements and organization of a professional costume studio.
- 7. Demonstrate effective use of the tools and equipment used in the costume studio workroom, including an understanding of safety requirements.
- 8. Demonstrate intermediate costume construction skills including:
 - A. an intermediate command of hand sewing and machine stitching techniques;
 - B. application of accurate body measurements;
 - C. intermediate level fitting solutions and alterations;
 - D. the ability to drape a basic bodice; and
 - E. interpretation of a commercial pattern and successful construction of a costume and/or an accessory from that pattern.
- 9. Identify fabrics commonly used in costume construction by fiber and weave, including the method of surface design and color finish.

- 10. Organize, execute and maintain costumes for public performance.
- 11. Demonstrate an ability to follow instructions and work effectively as a team member.
- 12. Render a costume sketch demonstrating visual communication skills through the use of line, shape, color, and texture at an intermediate level.
- 13. Utilize an expanded vocabulary for the field of costume technology.

Topics and Scope:

- I. The Costume Studio
 - A. Functionality and organization
 - B. Work areas
 - C. Equipment
 - D. Tools
 - E. Materials
- II. Health and Safety in Costume Studio Work Areas
 - A. Cutting and sewing areas
 - B. Pressing equipment
 - C. Craft area
 - D. Paint area and dye room
 - E. Laundry room
 - F. Storage warehouse
- III. Personnel and Professional Standards
 - A. Costuming job titles and descriptions
 - 1. Costume Studio positions
 - 2. Costume production positions
 - B. Working with other members of a production
 - 1. Designers
 - 2. Actors
 - 3. Stage managers
 - 4. Others

C. Professional standards

IV. What is a Costume?

- A. Functions in a production
- B. Ready-made costumes
 - 1. Pulled from stock
 - 2. Rented
 - 3. Purchased
- C. Constructed costumes
- D. Costume accessories and costume props
- V. Costume Preparation Process
 - A. Measuring procedures and etiquette
 - B. Budgeting and shopping
 - C. Scheduling
 - 1. Deadlines and schedule planning
 - 2. Working within a production calendar
 - D. Fittings and alterations
- VI. Fabric Expanded Knowledge of Types and Prints
 - A. General
 - B. Historical
 - C. Further development of a swatch book
- VII. Hand Sewing Inntermediate Techniques

A. Seams

- B. Hems
- C. Closures
- VIII. Machine Stitching Intermediate Techniques
 - A. Domestic straight stitch machines
 - 1. Proper operation
 - 2. Machine care
 - B. Sergers
 - 1. Proper operation
 - 2. Machine care
 - C. Seams
 - D. Hems and finishes
 - E. Closures
 - F. Decorative stitches with a function
- IX. Costume Construction at an Intermediate Level
 - A. Applying accurate measurements
 - B. Commercial patterns and other pattern sources
 - C. Draping a basic body block
 - D. Basic pattern manipulation
 - E. Pattern drafting
 - F. Pattern layout and accurate cutting techniques
 - G. Mockups
 - 1. Cutting
 - 2. Construction
 - 3. Fitting accuracy
 - H. Pattern alteration
 - I. Final fabric construction
 - J. Building costume shape with pressing tools and technique
- X. Costume Design
 - A. Communication and storytelling
 - B. Character analysis
 - C. Script analysis
 - D. Research: factual vs. evocative
 - E. Visual elements of a costume design
 - F. Rendering the costume sketch
- XII. Costumes and the Production Process
 - A. Preparing for dress rehearsal
 - B. Organization and inventory tracking
 - C. Maintenance
 - 1. Laundering
 - 2. Handwashing and spot cleaning
 - 3. Odor abatement
 - D. Repairs
 - E. Special circumstances such as understudy costumes
 - F. Post-production
 - 1. Drycleaning
 - 2. Returning to stock
 - 3. Rental returns
- XIII. Additional costume design and construction topics, as applicable to current department productions, throughout the semester.

All topics above are covered in both lecture and lab portions of the course.

Assignment:

- A. Reading Read approximately 5 pages a week.
- B. Quiz(zes) Complete 1-3 short short multiple choice quizzes:
 - 1. Required quiz Costume safety quiz
 - 2. Suggested additional quizzes focusing on intermediate content such as Measurements and Fittings; Expanded Knowledge of Fabrics; and/or Sewing Tools and Terminology
- C. Writing and Research Assignments In preparation for the Costume Design project, the student will complete 2 or more of the following:
 - 1. Character Analysis outline, including supporting visual aids
 - 2. 500-word Design Statement essay for costume design development
 - 3. Research assignment for costume design development Examples: Create a research collage. Compile a research morgue
- D. Sewing Notebook Develop a notebook of intermediate hand sewing and machine sewing techniques with appropriate descriptive information.
- E. Swatch Book Develop a swatch book of fabrics demonstrating expanded knowledge of types and prints. Include pertinent content information.
- F. Construction and Pattern Drafting Assignments
 - 1. Complete an intermediate sewing project, applying intermediate hand sewing and machine sewing techniques, from the following list (additional options may be added by instructor):
 - A. Period shirt
 - B. Period petticoat
 - 2. Drape a basic body block and draft a basic bodice pattern.
 - 3. Complete an assignment demonstrating simple pattern manipulations.
 - 4. Design and construct a simple mockup.
 - 5. Make fitting corrections in either the basic bodic pattern or a costume for production (see 6. below).
 - 6. Construct one or more costume items for a major SRJC Theatre Arts production. Students will do so with effective and safe use of all appropriate equipment, tools, and materials.
- G. Final Costume Design Project Each student will complete a final costume design and intermediate construction project, involving the following components:
 - 1. Select a specific character from a play, musical, or historical event.
 - 2. Design and render a costume (consisting of at least two components) for the selected character.
 - 3. Price out and develop a budget for all necessary materials to construct the rendered costume.
 - 4. Shop for all budgeted materials for the construction of that rendered costume.
 - 5. Using a commercial pattern and /or pattern drafting techniques, cut out and complete construction of the costume.
 - 6. In addition, design and construct an accessory to accompany the rendered costume.
- H. Production-Related Costume Studio Tasks Students will complete assigned tasks, including organization, alterations, and practical maintenance of costumes used during the run

of a major SRJC production.

- I. Professionalism Adhere to the standards of professionalism expected in the field of costuming:
 - 1. Arrive promptly and prepared for all class meetings, participating actively.
 - 2. Maintain an amiable and supportive attitude when interacting with others (fellow students, instructor, Studio supervisor, designers, actors, stage managers, etc.)
 - 3. Work collaboratively with other team members when working on group tasks.
 - 4. Acknowledging the sometimes stressful and time-sensitive working environment in the Studio, contribute positively by staying focused, listening closely, following instructions carefully, and taking initiative when appropriate.
 - 5. Strive to maintain good personal health and safety practices throughout the semester.
 - 6. Follow the terms of the course syllabus.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Character Analysis outline; Design Statement essay

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Homework assignments including: analysis, research, planning, purchasing

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Costume construction assignments; Final Design project - rendering & constructions

Exams: All forms of formal testing, other than skill performance exams.

Multiple choice quiz(zes) (including safety quiz)

Other: Includes any assessment tools that do not logically fit into the above categories.

Professionalism (including attendance and participation); Production-related tasks

Representative Textbooks and Materials:

Costume Construction. Strand-Evans, Katherine. Waveland Press Inc. 1999 (classic)

Costume Craftwork on a Budget - Clothing, 3D Makeup, Wigs, Millinery & Accessories.
