COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Analyze the oral, material, and customary folklore of diverse American cultures.
2. Apply folklore collection techniques when analyzing folklore materials.
3. Describe and explain the pervasiveness and importance of folklore and folklife in everyday settings and the importance of folklore as a communicative process.

Objectives:

At the conclusion of this course, the student should be able to:

1. Describe and explain appropriate terms and concepts used in the study of American folklore and folklife.
2. Explain the origins and functions of folklore and folklife customs.
3. Evaluate the role of folklore in the portrayal and affirmation of ethnicity, identity and gender and in the cultural concept of race.
4. Evaluate the effects of folklore relevant to the portrayal and perpetuation of maladaptive cultural stereotypes including those based upon Social Darwinism, class, racism, ethnic prejudice, xenophobia and gender prejudice.
5. Describe and critique the ways in which folklore communicates and portrays the culture of LGBTQ Americans.
6. Apply knowledge of field collection techniques and analysis to folklore materials in American cultures.
7. Compare and contrast folklore and folklife genres, concepts, and theories in no less than three of the following groups: African American, Asian American, Chicano/Latino American, European American, Indigenous Peoples of the Americas and Americans of Middle Eastern origins.
8. Identify some of the major “active bearers” of folklore in the above groups.
9. Identify and evaluate the role of folklore relevant to culture change, including the history and the effects of rumor and conspiracy “theory.”

Topics and Scope:

Topics covered may include:
