Also Listed As:

Formerly: BAD 50

Catalog Description:

This course is a survey in business providing a multidisciplinary analysis of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S and in a global context. It covers how these influences impact the main areas of business including: organizational structure and design; leadership, human resource management, organized labor practices; marketing; organizational communication; technology; entrepreneurship; legal, accounting, financial practices; the stock and securities market; and therefore affect a business' ability to achieve its organizational goals. This class is recommended for Business Administration majors intending to transfer to a 4 year institution.

Prerequisites/Corequisites:

Recommended Preparation:

Eligibility for ENGL 100 OR EMLS 100 (formerly ESL 100) or appropriate placement based on AB705 mandates

Limits on Enrollment:

COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

- 1. Differentiate and analyze business concepts and terminology that effect American business in its emergent global context.
- 2. Demonstrate an understanding of the major functional areas in Business Administration and how they relate to each other.

- 3. Assess the challenges to American business of operating in a diverse global economic, social, cultural, political and legal environment.
- 4. Appraise opportunities for more advanced study in Business Administration.

Objectives:

At the conclusion of this course, the student should be able to:

- 1. Analyze business concepts and terminology by which the modern American business in its emergent global context is described.
- 2. Examine each major functional area of the global business firm.
- 3. Study how the specialized areas of business interrelate both within the organization and in the global business environment.
- 4. Assess the various global economic systems in which American business is obliged to operate.
- 5. Assess the challenges to American business of global economic integration including social, cultural and environmental impacts.
- 6. Critique ideas that underlie the development of public policy relevant to business, in their proper historical, theoretical, and global contexts.
- 7. Evaluate current issues in the global (i.e. social, economic, political, legal, ethical) environment of business.
- 8. Appraise opportunities for more advanced study in broad field of Business Administration.

Topics and Scope:

- 1. Foundations of American Business
