COURSE CONTENT

Outcomes and Objectives:

The students will:

1. Analyze the implications of law and ethics to the medical secretary in a variety of health care settings.
2. Demonstrate the ability to act responsibly as the physician's agent by listing fifteen legal responsibilities and solving fifteen potential situations reflecting legal implications.
3. Define legal terminology as listed by the instructor.
4. State the three areas of governance of the Medical Practice Act and the relationship of that document to medical office practice.
5. Know the circumstances necessary for revocation of the M.D. license.
6. List or state the regulations and accompanying MS/R office practices defined by federal, state and local regulations regarding the handling of:
 - A. Narcotics (Controlled Substances Act).
 - B. Treatment of minors.
 - C. Reporting of statistical and communicable disease information.
 - D. Collection practices.
 - E. Treatment of medical records.
 - F. Child abuse.
 - G. Consent.
7. Analyze behaviors which promote protection from legal actions.
8. State the common reasons for lawsuits and evaluate methods for prevention.
9. State the MS/R role in obtaining informed consent and list the components of informed consent.
10. Describe the components of a legal contract and distinguish between expressed and implied contracts.
11. Identify situations violating confidentiality and propose solutions for maintaining confidentiality.

12. Use problem-solving techniques to recognize and solve ethical situations related to the MS/R role.
13. Define a given list of ethical terms.
14. Explain the meaning of the ethical code for medical assistants by listing specific ethical behaviors in the medical office.
15. List five ethical issues pertaining to medical office practice and argue the pros and cons of each.
16. List five ethical issues in modern medicine. Argue the pros and cons of one.
17. State six patient's rights as defined by the American Hospital Association.
18. Identify ten office practices common to the medical offices that have ethical implications.
19. Reflect a professional approach and exhibit mutual respect for individuals in the classroom. Be open to listening and understanding other's opinions.
20. Discuss personal values and their relationship to decision making in ethical situations.
21. Differentiate ethical from legal behaviors with 100% accuracy.
22. State or demonstrate ten principles of medical office safety.
23. List the three most common causes of fire in the medical office and hospital.
24. Discuss environmental safety related to noise control and prevention of common patient accidents.
25. Complete the above stated objectives with 70% accuracy in class discussion, assignments, and essay and multiple choice tests.
