COURSE CONTENT

Outcomes and Objectives:

Upon successful completion of this course, students will be able to:

1. Describe and discuss the outdoor recreation model.
2. Summarize the role of the park and recreation manager in outdoor recreation settings.
3. Evaluate components of effective park planning and operations.
4. Implement effective problem solving and decision making techniques.
5. Analyze management dilemmas and propose viable management solutions.
6. Evaluate the problems of public safety in recreational areas.
7. Assess the environmental impacts outdoor recreation may have on natural resources.
8. Determine circumstances in which fire is beneficial in the management of natural resources.
9. Apply BMPs (best management practices) for campground design and management.

Topics and Scope:

- I. Introduction to Outdoor Recreation
 - A. Outdoor recreation management overview
 - B. Mission statements
 - C. History
 - D. Outdoor recreation model
 - E. Theoretical foundations
 - F. Role of the manager
- II. Problem Solving Process and Decision Making
- III. Impact Assessment
 - A. CEQA (California Environmental Quality Act)
 - B. Outdoor recreation safety
- IV. Recreational Resource Management
 - A. Assessing impacts on ecosystem
 - B. Site, turf, and overstory vegetation management
 - C. Management of natural ecosystems
 - D. Visual resource management

- V. Visitor Management
 - A. Distribution of Visitor Use
 - B. Information services
 - C. Interpretive services
 - D. Public safety
 - E Law enforcement
 - F. Hazards
 - G. Search and rescue
- VI. Service Management
 - A. Area planning
 - 1. picnic
 - 2. campground
 - a. maintenance
 - b. contract administration
 - c. BMPs
 - 3. playground
 - 4. trails
 - 5. beaches
 - 6. accessibility
 - B. Hazard management
 - C. Maintenance management
 - D. Concession management

Assignment:

Representative assignments:

1. Readings in assigned text(s) averaging 15 - 20 pages per week.
2. Prepare a site plan for a recreation area in a river environment.
3. Oral presentation of site plan.
4. Prepare a scope of work and bid schedule to provide for campground maintenance.
5. Analyze management scenarios and role-play solutions.
6. Three to four incident write ups, approximately 2 pages in length.
7. Final project: visit a parks/recreation facility and ride along with/interview the manager.
8. Write a 2-4 page paper compiling findings of park manager ride along.
9. Essay exams covering management issues.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Interview findings paper.

Writing
20 - 40%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Mgmt scenarios; site plan; incident write-ups

Problem solving
60 - 80%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations
0 - 0%

Exams: All forms of formal testing, other than skill performance exams.

None

Exams
0 - 0%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category
0 - 10%
