## **COURSE CONTENT**

### **Outcomes and Objectives:**

Upon completion of this course, the student will be able to:

1. Explain key historical events, figures, and trends, including the history and evolution of restaurants, and how they have influenced the modern food service industry.
2. Explain the role food plays in various societies and their cultures.
3. Define commonly used culinary terms.
4. Apply basic math (whole numbers, negative numbers, fractions, decimals and percents) to food preparation activities.
5. State the units of standard measure used in cooking and their equivalents.
6. Determine the "real food cost" of various food items and ingredients.
7. Identify realistic career objectives related to culinary arts.
8. Describe attributes of a culinary professional.
9. Describe the essential components of a culinary professional's resume.
10. Describe the standards of professionalism in the workplace.

### **Topics and Scope:**

- I. Evolution of the Culinary Arts
  - A. Key historical events

2. Participate in a culinary history group discussion
3. Research a recipe including origin, ingredients, and significance in its native region
4. Written research results using the instructor prepared worksheet
5. Present recipe research findings to the class
6. Completion of practice and application exercises for culinary mathematics
7. Preparation a professional culinary resume
8. Final Project: Work with a team to create an original food service business concept
9. Present food service plan to the class in a fifteen-minute presentation
10. Complete teamwork self-evaluation
11. 2-3 quizzes

**Methods of Evaluation/Basis of Grade:**

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Food service business plans; research results, resume	Writing 25 - 50%
---	---------------------

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Culinary math; teamwork self-evaluation	Problem solving 10 - 20%
---	-----------------------------

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Presentations

Skill Demonstrations  
10 - 20%

**Exams:** All forms of formal testing, other than skill performance exams.

Multiple choice, true/false, matching items, completion, short answer

Exams  
15 - 30%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category  
5 - 15%

**Representative Textbooks and Materials:**
