COURSE CONTENT

Outcomes and Objectives:

Upon completion of the course, students will be able to:

- 1. Use design techniques and principles to create successful page layouts.
- 2. Apply the rules of advertisement design to produce an eye-catching print advertisement according to media kit specifications.
- 3. Produce multi-page layouts that are structured, organized and visually interesting.
- 4. Create an effective multi-page layout using a column grid structure that incorporates text and illustrations in a multi-column format and apply design principles, text refinements and visual interest techniques to it.
- 5. Create complex forms using rules and shading that are visually attractive and easy to understand.

Topics and Scope:

- 1. Using page layout design concepts
 - a. Contrast
 - b. Alignment
 - c. Proximity
 - d. Repetition to create effective designs.
- 2. Establishing hierarchy in content to enhance visual communication
- 3. Using white space to define relationships and establish visual groups
- 4. Using creative design and layout strategies to communicate an impression
 - a. Writing effective resumes
 - b. Designing innovative resumes
- 5. Introduction to advertisement design
 - a. Standards

- b. Layout techniques
- c. Branding
- d. Campaigns
- e. Placement
- 6. Downloading and utilizing media kits to establish layout and design criteria.
- 7. Hierarchy in advertisement design
 - a. Headline
 - b. Subhead
 - c. Body copy
- 8. Creating dynamic typographic headlines and readable content in advertisements
- 9. Selecting, manipulating and cropping images for advertisement design
- 10. Combining images and type to reinforce a message in print advertisements
- 11. Working with text and images to create a single page layout
- 12. Functional design: how to create attractive, easy-to-read forms
- 13. Introduction to newsletter design: anatomy of a newsletter
- 14. Grid theory
 - a. Exploration of grid and column structures
 - b. Applications to text and image layout.
- 15. Page layout concepts for multi-page documents: design techniques for effective newsletters
- 16. Newsletter design components: adding visual interest and organization to multi-page documents
- 17. Readability, text refinements and proofreading for newsletters
- 18. Newsletter design
 - a. Selecting, importing and integrating images
 - b. Integrating photos into a newsletter design
- 19. Developing a theme for a newsletter by using repetition
- 20. Using master pages and style sheets to create consistency and unity in multi-page documents
- 21. Creating duotones and importing them into a multi-page design
- 22. Creating electronic PDF newsletters for distribution on the web

Assignment:

- 1. Creative one-page résumé
- 2. Newspaper or magazine advertisement
- 3. Annual report page design and accompanying form
- 4. Four-page newsletter with masthead and mailer
- 5. A design journal illustrating examples of advertisement design, multi-page designs, visual interest techniques (borders, page number designs, separators, lines, drop capitals, end caps, dividers, dingbats), forms, image/text integration, strong typographic headlines, readable text type, image wraparound design or text shape, newsletter mastheads, column layouts
- 6. Midterm and final exam, some objective, some short answer.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

None, This is a degree applicable course but assessment tools based on writing are not included because skill demonstrations are more appropriate for this course.

Writing 0 - 0%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Creating design solutions for resume, newspaper and magazine advertisement, annual report page and newsletter.

Problem solving 20 - 40%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Using the software, typography standards, and other production skills to create professional comprehensives of resume, newspaper and magazine advertisement, annual report page, form, and newsletter.

Skill Demonstrations 20 - 40%

Exams: All forms of formal testing, other than skill performance exams.

Objective tests and problem solving.

Exams 10 - 25%

Other: Includes any assessment tools that do not logically fit into the above categories.

Class participation in discussion and critiques

Other Category 0 - 15%
