COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Apply a professional code of ethics in all aspects of professional endeavors, and adhere to state and federal laws, recommendations, and regulations in the provision of dental care.
2. Describe the history, educational requirements, and roles and responsibilities of each member of the dental team, including the dentist, registered dental hygienist, and registered dental assistant.

Objectives:

Upon completion of the course, student will be able to:

1. Describe the highlights in the history of dentistry during the early times, Renaissance, and early America.
2. Describe the highlights in the history of dental hygiene and dental assisting.
3. Explain the role of Hippocrates in history and the basic premise of the Hippocratic Oath.
4. Identify the individuals credited with being the first dental hygienist and first dental assistant.
5. Describe the role and purposes of the professional associations for dentistry, dental hygiene, and dental assisting.
6. Discuss the role of the Commission on Dental Accreditation of the American Dental Association (CODA).
7. Describe the characteristics of dental professionalism.
8. Describe the scope of practice for the nine specialties of dentistry.
9. Describe the various roles of a dental assistant in a private practice.
10. Explain the roles of a dental hygienist as described in the American Dental Hygiene Association (ADHA) Code of Ethics.
11. Explain how the Code of Ethics contributes to the awareness of, and sensitivity to cultural diversity.
12. List and discuss the ethical principles involved in ethical dilemmas encountered in a dental practice.
13. Explain the purpose of the California Dental Practice Act.

14. Describe the responsibilities of the California Dental Board.
15. Explain the licensing and renewal process in California for the registered dental hygienist and registered dental assistant.
16. Discuss the two types of statutory law and how each applies to the practice of dentistry.
17. Classify the duties of the dental hygienist and the dental assistant according to the level of required supervision.
18. Describe the requirements of informed consent.
19. Differentiate between implied consent and informed consent.
20. Describe the legal responsibilities of the registered dental hygienist and registered dental assistant as a mandated reporter of child and elder abuse.
21. Explain the requirements of HIPAA (Health Insurance Portability and Accountability Act).
22. Describe the various types of dental care delivery systems.
23. Explain the concept of risk management, and describe the most important risk management techniques.
24. Discuss the Americans With Disabilities Act and its relationship to the practice of dentistry.
25. Describe the laws relating to sexual harassment in the workplace.
26. Identify the state and federal agencies that have an impact on the practice of dentistry and explain their functions.
