COURSE CONTENT

Outcomes and Objectives:

By the end of this course, students will be able to:

1. Identify and describe the nature of language, language universals, linguistic science (its background, development, and relation to other fields of study), and recent developments in the study of language.
2. Examine philosophical approaches as well as practical insights of modern linguistic science that will aid in a variety of academic and career pursuits.
3. Apply principles of the various branches of linguistic science (as listed below) to a number of different fields of study, including but not limited to English literature, anthropology, sociology, psychology, child development, and education.

Topics and Scope:

1. Phonetics
2. Phonology
3. Morphology
4. Syntax and grammar
5. Semantics
6. Historical linguistics and language change
7. Classification of languages
8. Cognition and language (psycholinguistics)
9. Language acquisition (first and subsequent)
10. Sociolinguistics and social contexts
11. Writing systems
12. Animal communication
13. Computational linguistics
14. History of English
15. Stylistics

16. How to conduct field observations

Assignment:

Typical assignments will include:

1. Textbook reading assignments, 30-50 pages per week
2. Two to four Quizzes
3. Midterm and Final Exam
4. Supplemental reading
5. Reading and observation journals that apply concepts in the reading to student's everyday experiences with language and culture
6. Applied linguistics observation report
7. Semester research projects involving research and group presentations
8. Two to four essays including research and analysis, 750 to 1500 words

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Reading journals, critiques, essays, observations reports

Writing
50 - 60%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Homework problems

Problem solving
10 - 20%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Applied Linguistics Observation at Call Child Center or SRJC ESL classroom

Skill Demonstrations
15 - 20%

Exams: All forms of formal testing, other than skill performance exams.

Quizzes including multiple choice, true/false, matching items, completion; essay exams

Exams
15 - 25%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation in class activities and discussions; group presentation

Other Category
0 - 5%
