- 2. One portfolio comprising of photos of weekly design projects with accompanying journal entries listing materials and describing methods for each project
- 3. Final exam
- 4. Final project

Lab Related Assignments:

- 1. Weekly design and construction projects on one to two arrangements per week, including:
 - A. Casket lid arrangement
 - B. Easels
 - C. Spray
 - D. Casket cover for an open casket
 - E. Casket cover for a closed casket

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Written summary of visitation to a mortuary

Writing
5 - 15%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving
0 - 0%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Weekly design and construction projects; portfolio, final project

Skill Demonstrations
50 - 70%

Exams: All forms of formal testing, other than skill performance exams.

Final exam

Exams
10 - 25%

Other: Includes any assessment tools that do not logically fit into the above categories.

Participation and professionalism

Other Category
10 - 15%

Representative Textbooks and Materials:

Instructor prepared materials.
