Major Applicable Course

COURSE CONTENT

Outcomes and Objectives:

Upon completion of this course the student will be able to:

1. Identify the major woodland and forest communities and plant species in Sonoma County.
2. Explain the ecological factors which determine the presence and distribution of these species and communities and relate these explanations to relevant ecological theory.
3. Compare and contrast the ecosystem functions of these different community types.
4. Identify significant problems and management issues for each type and relate these identified issues to global environmental issues and proposed solutions.
5. Create and develop an appropriate record of field activities (field journal).

Topics and Scope:

1. Taxonomy of major indicator species for woodland and forest communities of Sonoma County.
2. Ecological characteristics of Sonoma County woodlands and forests.
3. Human impact on these ecosystems and relevant management issues.
4. Procedures for development of a field journal.

Assignment:

1. Read assigned papers.
2. Maintain field journal.
3. Write paper on a selected taxonomic or ecological issue pertinent to Sonoma County woodlands.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Taxonomic or ecological paper and field journal.

Writing
40 - 60%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving
0 - 0%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Field work, Species identification in the field.

Skill Demonstrations
10 - 30%

Exams: All forms of formal testing, other than skill performance exams.

None

Exams
0 - 0%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category
10 - 30%

Representative Textbooks and Materials:

Instructor prepared materials.
