COURSE CONTENT

Outcomes and Objectives:

The student will be able to:

Write estimates and prepare orders for purchase of interior design furnishings, finish materials, products, decorative accessories, and their installation using Design Manager Software.

Demonstrate the use of worksheets, using Excel Function Wizard, create templates and write Specification sheets for residential FF&E (Furniture, Furnishings and Equipment)

Utilize the computer as a tool to generate Client Records, Orders and Correspondence (Microsoft Office)

Research and utilize catalogues, tear sheets, prices lists from manufactures and distributors of interior merchandise, and use the Internet as resource to communicate with vendors having their catalogs and prices on web pages.

Prepare inventory control documents including deposits, billing and invoicing using the Design Manager software.

Prepare confirmation, purchase agreements templates and other documents for client approval

Demonstrate sales techniques for client presentation, utilizing several computer software programs such as Microsoft Office, Powerpoint, Design Manager and Excel for graphical presentations.

Identify and interpret various methods of compensation for projects and Interior Design contracts using the latest State-of-the-Art technology.
