COURSE CONTENT

Outcomes and Objectives:

Upon completion of this course, the student will be able to:

1. Perform a variety of administrative medical assisting procedures and techniques in a medical office or clinic.
2. Demonstrate problem solving and critical thinking involved with proper and safe use of equipment, procedures and processes utilized by administrative medical assistants in medical office or clinic settings.
3. Apply principles and skills that have been learned in prerequisite and corequisite courses.
4. Demonstrate confidentiality and other ethical and legal concepts while working in administrative medical assisting settings.
5. Communicate effectively, with cultural sensitivity, with patients, supervisor and other medical office/clinic staff.
6. Demonstrate professionalism in a clinical setting.
7. Demonstrate 5-15 techniques and procedures applicable to the medical office/clinic.
8. Evaluate administrative medical assisting employment opportunities.
9. Write a resume and cover letter.
10. Interview competently for an administrative medical assisting position.

Topics and Scope:

I. Externship - Applying administrative medical skills in a medical office or clinic

- A. Meet with office or clinic manager to discuss and update task list and to review evaluation process. Procedures students are allowed to do will vary. Students are prepared to assist with indicated basic clinical procedures(see numbers 14-16 below) if they choose to.
- B. Basic clinical procedures:
 - 1. preparing daily patient schedule and charts
 - 2. answering telephones
 - 3. scheduling appointments
 - 4. scheduling surgeries (in surgical offices/clinics).
 - 5. receiving and registering patients
 - 6. receiving and recording patient payments (if office designates)
 - 7. entering computer data
 - 8. filling patient records, reports, ledger cards, etc.
 - 9. opening, sorting, and dispensing mail
 - 10. bookkeeping--posting daysheets, posting to computer.
 - 11. preparing bank deposit (if office designates)
 - 12. billing patients - computerized or ledger card.
 - 13. billing insurance companies
 - 14. preparing patients for exams (if student chooses and office designates)
 - 15. assisting physician with procedures (if student chooses and office designates)
 - 16. cleaning and sterilizing instruments (if student chooses and office designates)
 - 17. demonstrating professional behaviors including: dependability, punctuality, cooperation, confidentiality, appropriate appearance, interest in and willingness to learn, and initiative
 - 18. communicating effectively, with cultural sensitivity, with patients, supervisor, instructor, and office/clinic staff

II. Seminar

- A. Orientation to medical assisting externship
 - 1. process, expectations, and evaluation
 - 2. assigned experience
- B. Analysis of skills and problem solving related to administrative medical assisting experience
- C. Common clinical techniques and procedures administrative medical Assistants would use to assist in the back office
 - 1. vital signs
 - 2. infection control procedures
 - 3. body mechanics
 - 4. sterile technique and gloving
 - 5. assisting the physician with procedures
 - 6. cleaning and sterilization procedures
- D. Resume writing and preparation for interviewing and employment

Assignment:

1. Complete the required number of hours, performing a variety of designated administrative medical assisting techniques and procedures, during assigned externship in a medical office or clinic under an office/clinical manager's (or their designate's) supervision.
2. Maintain a timesheet.
3. Read 30-40 pages of clinical medical assisting techniques and procedures, each week for first six weeks.
4. Complete 6-10 pages of homework from clinical medical assisting workbook, each week for first six weeks.
5. Demonstrate 5-15 clinical techniques and procedures during performance exams.
6. Complete a 1-2 page weekly report during externship, including tasks performed, successes and problems encountered, goals for next week, and goal achievements and revisions from last week's goals.
7. During seminars, discuss externship experience and participate in 1-3 problem-solving exercises.
8. Complete weekly task sheet update with externship supervisor.
9. Meet with instructor and office/clinic manager when requested.
10. Write a resume and cover letter.
11. Role play job interview skills.
12. Participate in final performance evaluation with instructor. Include office/clinic manager's evaluation, timesheet, task sheet, student evaluation of program, and future plans.
13. Complete 1-4 quizzes.
14. Adhere to standards of professionalism: dependability, punctuality, cooperation, appropriate appearance, interest in and willingness to learn, and initiative.
