Assignment:

1. Selected readings (10-20 pages) each week. Students will use "Google" search engine on the Internet to find, examine and compare articles with different perspectives on the history of CHWs and tasks CHWs perform. They will critique, analyze, and write responses Regarding the articles on the US health crisis and on homelessness.
2. Four-hour shadowing and volunteer experience with Sonoma County community health workers. Students will write a 3-page paper to:
 - a) describe the agency - what it provides, who it serves, & why it exists.
 - b) describe the community - What seems to be the biggest need in the

- community? What are the living conditions? List some strengths of the community?
- c) describe the shadowing and volunteer experience and how it affected you
3. Make and study 20 medical terminology flash cards and play a game with them in class the next week.
 4. In a short paragraph, respond to a community health worker scenario in the syllabus to demonstrate critical-thinking & problem-solving techniques used in CHW classes.
 5. Write a community field trip reaction paper.
