## **COURSE CONTENT**

### **Outcomes and Objectives:**

Upon successful completion of this course, students will be able to:

1. Summarize issues and economic impacts pertaining to the local, statewide, and international viticulture industry.
2. Describe the vineyard cycle of growth and identify viticulture practices that must be completed during each stage of vine growth.
3. Develop an annual plan of operations and budgets for vineyard operation.
4. Locate sources of vineyard materials.
6. Demonstrate an understanding of principles for hiring, training, and supervising employees.
7. Implement safety regulations and an emergency response plan.
8. Generate and execute contracts with wineries for grape sales.
9. Conduct research and locate relevant viticulture information.
10. Analyze and develop solutions for vineyard management problems.
11. Identify regulatory agencies and the roles of each.
12. Evaluate modeling programs with applications to vineyard management.

### **Topics and Scope:**

I. Introduction to Vineyard Management

A. Viticulture industry today

1. Local
2. Statewide
3. Worldwide

B. Events influencing management decisions

1. statistics
  2. economic relevance
- C. Role of the vineyard manager

- I. Immigration law
- VII. Pesticide Use
- A. Legal requirements for pesticide use compliance
- B. Pesticide training for the workforce
- VIII. Record Keeping
- A. Basic accounting
- B. General records
- IX. Purchasing Materials and Supplies
- X. Regulatory Agencies
- A. Functions
- B. Cooperation with county agencies
- XI. Modeling Programs
- A. For diseases
- B. For pests
- C. For weather stations
- D. GPS and GIS technology

**Assignment:**

**Representative assignments:**

1. Prepare an annual plan of activities for a vineyard.
2. Complete an Internet search on a viticulture topic and write a 3-5 page report.
4. Prepare a budget for selected vineyard operation.
5. Complete online Sexual Harassment training and receive a certificate of completion verifying successful completion.
6. Access a vineyard model online and modify the model based on instructor-supplied data.
- 7 Midterm; final exam.
8. Reading, 20 - 30 pages per week.

**Methods of Evaluation/Basis of Grade:**

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Research report; management style paper.

Writing  
10 - 20%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Vineyard plans; materials list; budget.

Problem solving  
30 - 60%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations  
0 - 0%

**Exams:** All forms of formal testing, other than skill performance exams.

Multiple choice, True/false, Matching items, Completion, Short answer.

Exams  
20 - 40%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Attendance/participation, successful comp. of Sexual Harassment training.

Other Category  
10 - 20%

**Representative Textbooks and Materials:**

The Code of Sustainable Winegrowing Workbook, Wine Institute and California Association of Winegrape Growers, 2005.

Grower's Guide to Environmental Regulations and Vineyards. California Association of Winegrowers, \_\_\_\_.

California Farm Record Book. UC Cooperative Extension.

Instructor prepared materials.
