COURSE CONTENT

Outcomes and Objectives:

Upon completion of this course students will be able to:

1. Discuss the history and evolution of computer based multimedia, interactive web and video game industries.
2. Research and determine team positions and opportunities in Digital Media.
3. Identify different types of digital file formats in text, graphics, animation, video, and sound in Digital Media.
4. Create an online, computer-based multimedia presentation using different types of applications including, painting, drawing, animation, video and web authoring programs.

Topics and Scope:

- I. Evolution and history of Digital Media Interactive Web Design and Video Game Design
- II. Professional opportunities in Digital Media web design and video/serious game design
- III. Interactive Web Design in Digital Media
 - A. User interface content
 - B. Identifying different types of digital file formats for Digital Media and the World Wide Web
 1. Creating images for the web sites
 2. Creating presentations for web-based delivery
 - C. Understanding digital file formats
 1. Native file formats
 2. Portable file formats
 - D. Transferring media files
 1. Transferring between Mac and PC
 2. Exporting and importing file types between applications
 3. Creating cross-platform portable electronic presentations

- E. Capturing graphics and video
 - 1. Using a scanner
 - 2. Using a digital camera
 - 3. Using a digital video camera
- IV. Video Game Design in Digital Media
 - A. What is a game?
 - 1. Design components and process
 - 2. Game design teams and each member's role
 - 3. Storytelling, narrative, and basic level design
 - 4. Creating the user experience
 - B. Types of games
 - 1. Commercial "Box" releases
 - 2. Online games, multiuser games
 - C. Programming for video and serious game design
 - 1. Intro to Gamemaker
 - 2. Intro to Alice
 - D. Audio production for video and serious game design
 - 1. Equipment
 - 2. Recording techniques
 - 3. Digital Audio production
 - E. Evaluating and critiquing digital media presentations
 - 1. Functionality
 - 2. Interface Design
 - H. Other topics
 - 1. Copyright issues
 - 2. Web design issues
- V. Best Practices for Overall Digital Media Design
 - A. User-interface
 - B. Integration
 - C. Navigation
 - D. Interactivity
 - E. Distribution
- VI. Creating Presentations Using Various Multimedia Applications
 - A. Drawing programs
 - B. Image-editing programs
 - C. Screen capture programs
 - D. Animation and digital video programs

Assignment:

1. Read approximately 25-30 pages per week.
2. View and critique professional Digital Media presentations. Three to five pages of written critique.
3. Create Digital Media presentations (3-5) of increasing complexity which will include text, audio, animation, and video. Sample activities include:
 - a. Scan and modifying digital images.
 - b. Create a slide show with photos consistent with current copyright laws.
 - c. Create a short video production.
 - d. Create an interactive Digital Media presentation.
4. View and critique other student presentations.
5. Complete 2-3 quizzes.
6. Final project: interactive Digital Media presentation displayed on the web.

7. Presentation and critique of final projects.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Written critiques

Writing
10 - 20%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Multimedia presentations

Problem solving
10 - 20%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Class performances, Performance exams, Multimedia presentations

Skill Demonstrations
30 - 50%

Exams: All forms of formal testing, other than skill performance exams.

Multiple choice, True/false, Matching items

Exams
20 - 40%

Other: Includes any assessment tools that do not logically fit into the above categories.

None

Other Category
0 - 0%
