COURSE CONTENT**Outcomes and Objectives:**

Upon completion of the course, students will be able to:

1. Create an original garment design in fabric without the use of a paper pattern, by draping the fabric directly on the dress form.
2. Construct or adapt a dress form to conform to an individual's specific measurements.
3. Utilize the dress form to create designs directly from fabric, including, but not limited to, the following categories: bodices, skirts, dresses, collars, sleeves.
4. Discern which designs are most appropriate for draping techniques vs. flat pattern techniques.
5. Compare the differences between draping with woven and knitted fabrics.
6. Demonstrate the use of draping techniques by completion of an original design draped on the dress form.
7. A student repeating this course will:
 - Work with design variations
 - Create more complex original designs
