		Contact Total	3.00		Contact Total	52.50
		Non-contact DHR	0		Non-contact DHR	0

Total Out of Class Hours: 105.00

Total Student Learning Hours: 157.50

Title 5 Category: AA Degree Applicable

Grading: Grade Only

Repeatability: 00 - Two Repeats if Grade was D, F, NC, or NP

Also Listed As:

Formerly: AG 61

Catalog Description:

The science of animal nutrition is the basis for "Livestock Feeding and Nutrition". The fundamentals of digestion and absorption in both ruminants and non-ruminants are discussed. The nutritive value of feeds as they relate to the formulation of livestock rations will be emphasized including by-product feeding.

Prerequisites/Corequisites:**Recommended Preparation:**

Eligibility for ENGL 100 or ESL 100

Limits on Enrollment:**Schedule of Classes Information:**

COURSE CONTENT

Outcomes and Objectives:

Upon completion of the course, students will be able to:

- A. Identify the role of livestock feeding and its part in human nutrition.
- B. Identify career requirements and potential opportunities leading to successful employment.
- C. Identify cultural inputs that have shaped the livestock nutrition industry.
- D. Apply changing nutritional requirements based upon animal physiological development.
- E. Comprehend differences in digestive anatomy that contrast feeding practices.
- F. Demonstrate and comprehend animal behavior as it relates to feeding practices.
- G. Explain in a verbal and written format the role of nutrition in animal health and ultimately food safety.
- H. Collect and calculate data used in ration formulation.
- I. Define and recall biological and inorganic factors that impact the feeding and nutrition industry.
- J. Evaluate economic factors and trends in feeding.
- K. Formulate rations with economic feasibility.
- L. Identify various primary and by-product feeds, forms and processing techniques.
- M. Analyze and comprehend various procurement strategies for feed stuff purchases.
- N. Have reasonable accommodations made to perform all learning objectives regardless of physical and/or learning disabilities.
- O. Formulate balanced rations for livestock.

Topics and Scope:

1. Concepts of Nutrition
 - a. Historical advancements
 - b. Animal nutrition and its role in society
2. Feed Analysis and Source
 - a. Protein
 - b. Carbohydrates
 - c. Fats
 - d. Vitamins
 - e. Minerals
 - f. Water
3. Animal Growth, Composition and Variability
 - a. Water
 - b. Energy
 1. Carbohydrates
 2. Fats
 - c. Proteins
 - d. Inorganic elements
 - e. Vitamins
4. The Gastrointestinal Tract
 - a. Types of gastrointestinal tracts:
 1. Ruminant
 2. Monogastric
 3. Modified mono gastric
 - b. The role of G.I. secretions in the digestive process
 - c. Digestion and absorption
 - d. Transport of nutrients after catabolism
 - e. Fecal and urinary excretions
5. Nutrient Metabolism
 - a. Water
 - b. Carbohydrates
 - c. Lipids
 - d. Proteins and Amino Acids.
 - e. Inorganic Minerals
 1. Macro or primary elements
 2. Micro or trace elements
 3. Toxic elements and symptoms
6. Applied Nutrition
 - a. Feeding standards and productivity
 - b. Feedstuffs
 - c. Preparation and processing
 - d. Ration formulations
 - e. Non-caloric performance enhancers
7. Feeding Practices
 - a. Beef cattle
 - b. Dairy cattle
 - c. Sheep
 - d. Swine
 - e. Horses

Assignment:

Lecture Assignments:

Read periodicals, handouts, and textbooks (20 pages per week).

Term papers (6 to 8 pages).

One Midterm.

Final Exam

Lab Assignments:

Worksheets (16--one per week)

Ration homework problems

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Reports

Writing
10 - 30%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Homework problems

Problem solving
20 - 30%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Class performances

Skill Demonstrations
10 - 30%

Exams: All forms of formal testing, other than skill performance exams.

Quizzes, tests, exams.

Exams
30 - 60%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category
0 - 10%
