Assignment:

1. Reading assignments in text, supplemented by current articles and lecture notes (35-50 pages per week).
2. Writing assignments:
 - a. Keep record of expenditures for two months, define values and goals and develop a balanced budget for one month; summarize your philosophy, techniques and results of budgeting in an essay (2-5 pages).
 - b. Investigate the costs and services of your banking institution; write a 1-2 page summary of findings; results from class will be compiled for comparison of banks in the community.
 - c. Research the facts and choices available in making an informed decision regarding the purchase of a consumer good or service; write a 3-5 page paper using 5 references, including facts and a summary supporting your decision; share results with class in a 5-15 minute oral presentation.
3. Problem solving:
 - a. Complete assigned problem solving exercises from each textbook chapter.
 - b. Calculate your net worth and compile a net worth statement.
 - c. Take an inventory of all belongings and compile a summary including date purchased, cost or estimated value, brand name, model number and a short description.
 - d. Make a list of all the credit cards you own with number, address and phone number to call in case of loss or theft.
 - e. Product and price comparison exercise: complete a 2-3 page summary; present orally in class.
 - f. Compare costs of car insurance from three companies for at least one car; tabulate results.
 - g. Locate examples of different types of advertising according to assigned categories; compile and label examples.
4. Quizzes (5-10); midterm; final exam.
5. Other: Oral presentations; attendance and participation.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

See list of writing assignments.

Writing 15 - 35%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

See list of problem solving assignments.

Problem solving
15 - 35%
