COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Prepare a complete set of books for a merchandising firm.
2. Prepare classified financial statements for a corporation.

Objectives:

Upon completion of the course, students will be able to:

1. Compute and record adjustments for a merchandising firm.
2. Prepare classified income statements and balance sheets.
3. Calculate and record adjusting, closing, and reversing entries for a merchandising firm.
4. Analyze and compare the development and use of various Generally Accepted Accounting Principles (GAAP), underlying assumptions, and modifying constraints.
5. Analyze accounts receivable; estimate and journalize uncollectible accounts under various assumptions.
6. Analyze and account for notes payable and receivable including the associated interest expense or income.
7. Compute, compare, and contrast inventory costing and valuation methods and internal controls.
8. Analyze and prepare journal entries for acquisition, depreciation/depletion and disposition of property, plant, and equipment (PP&E); account for intangible assets and impairment of PP&E.
9. Journalize entries for the issuance of par value and no-par value stocks.
10. Illustrate the advantages and disadvantages of the corporate form of business organization.
11. Compare and contrast alternate types of corporations/business entities.
12. Complete a corporate statement of retained earnings and a balance sheet, including the following types of accounts: retained earnings, stock dividends distributable, dividends payable, and income tax payable.
13. Perform horizontal and vertical analysis based upon comparative income statement and

balance sheet data.

14. Translate income statement data into trend percentages.

15. Compute, compare, and evaluate various financial ratios.

16. Prepare and analyze a Statement of Cash Flows for a corporation.

Topics and Scope:

1. Adjusting Entries for a Merchandising Business
 - A. Adjustments for merchandise inventory
 - B. Adjustments for unearned revenue
 - C. Data for the adjustments
 - D. Adjusting entries
 - E. Accruals and deferrals
 - F. Reversing entries
2. Financial Statements and Closing Entries for a Merchandising Firm
 - A. The income statement
 - B. The statement of owner's equity and the balance sheet

 - G. Par and no-par value
 - H. Preferred stock
- 10. Analyzing and Interpreting Financial Statements
 - A. Vertical analysis
 - B. Horizontal analysis
 - C. Trend analysis
 - D. Comparison with industry averages
 - E. Selected ratios: return on sales, current ratio, working capital, earnings per share, and others.
- 11. Statement of Cash Flows
 - A. Importance of Statement of Cash Flows
 - B. Cash defined
 - C. Sources and uses of cash from operations
 - D. Cash flows from investing activities
 - E. Cash flows from financing activities
 - F. Direct method versus indirect method
 - G. Preparing the Statement of Cash Flows

Assignment:

1. Homework problems including journal entries, problem solving, financial statement preparation, financial analysis/ratio analysis.
2. 6 to 8 quizzes and exams.
3. Midterm and final exams.
4. Computerized lab and homework problems to include Excel worksheets and QuickBooks problems.
5. Practice sets: comprehensive/cumulative problem set requiring students to analyze, classify, journalize numerous transactions and prepare financial statements. Both are completed using computer software.
6. Reading 30-40 pages per week in a semester-length course.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

None, This is a degree applicable course but assessment tools based on writing are not included because problem solving assessments are more appropriate for this course.

Writing
0 - 0%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Homework problems, computerized practice sets, lab problems

Problem solving
20 - 40%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations
0 - 0%

Exams: All forms of formal testing, other than skill performance exams.

Comprehensive embedded practice sets, multiple choice, true/false, matching items, and completion.

Exams
60 - 80%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category
0 - 10%
