COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

- 1. Construct costumes using safe and effective costume construction techniques at an intermediate level.
- 2. Explain the role of costume design in the creative storytelling process of a theatrical performance.

Objectives:

Upon completion of this course, the students will be able to:

- 1. Summarize the creative and practical aspects of costume design from research to organization at a more advanced level.
- 2. Apply the fundamental steps in constructing a theatrical costume.
- 3. Explain the process and procedures used to costume a theatrical production.
- 4. Describe the functions of the personnel associated with the design, construction, and organization of costumes within a theatrical framework.
- 5. Define and describe the relationships of deadlines, scheduling, rehearsals, and performance for any given production.
- 6. Explicate the physical requirements and organization of a professional costume studio.
- 7. Demonstrate effective use of the tools and equipment used in the costume studio workroom, including an understanding of safety requirements.
- 8. Demonstrate intermediate costume construction skills including:
 - a) an intermediate command of hand sewing and machine stitching techniques,
 - b) application of accurate body measurements,
 - c) intermediate level fitting solutions and alterations.
 - d) interpretation of a commercial pattern and successful construction of a costume and /or an accessory from that pattern.
- 9. Identify fabrics commonly used in costume construction by fiber and weave, including the method of surface design and color finish.
- 10. Demonstrate the ability to drape a basic bodice.
- 11. Organize, execute and maintain costumes for public performance.

- 12. Demonstrate an ability to follow instructions and work effectively as a team member.
- 13. Render a costume sketch demonstrating visual communication skills through the use of line, shape, color, and texture at an intermediate level.
- 14. Utilized an expanded vocabulary used in the field of costume technology.

Topics and Scope:

- 1. Functionality and organization of the costume studio
 - a. Area workrooms
 - b. Equipment
 - c. Tools
 - d. Materials
- 2. Health and safety in the costume studio workrooms
 - a. Cutting and sewing areas
 - b. Pressing equipment
 - c. Craft area
 - d. Paint and dye areas
 - e. Laundry area
 - f. Storage warehouse
- 3. Costume Studio personnel, titles, and job descriptions
 - a. Professional standards
 - b. Teamwork
 - c. Promptness
- 4. The process of preparing costumes for a theatrical production
- a. Assessing the function of a costume and its relation to other aspects of a theatrical performance
 - b. Gathering and identifying the appropriate fabrics and materials used
 - c. Scheduling for cutting and/or draping the first mockup
 - d. Conducting accurate fittings
 - e. Preparing for dress rehearsal
- 5. Fabric construction and suitability to costume application at an intermediate level
- 6. Hand sewing techniques at an intermediate level
 - a. Seams
 - b. Hems
 - c. Closures
- 7. Machine stitching techniques at an intermediate level
 - a. Proper operation and care of domestic straight stitch machines
 - b. Proper operation and care of a serger
 - c. Seams
 - d. Hems and finishes
 - e. Closures
 - f. Decorative stitches with a function
- 8. Costume construction
 - a. Proper etiquette when taking accurate measurements
 - b. Commercial patterns and other pattern sources
 - c. Draping a basic body block
 - d. Pattern layout and accurate cutting techniques
 - e. Building costume shape with pressing tools and techniques
- 9. Fitting strategies and alterations
- 10. Costume repair and maintenance
- 11. Costume design and rendering as a means of communication and storytelling

- a. Character analysis
- b. Research: factual vs. evocative
- c. Visual elements of a costume design
- d. Rendering the costume sketch
- 12. Budgeting and shopping
- 13. This course will cover additional costume design and construction topics, as applicable to current department productions, throughout the semester.

Assignment:

- 1. Read five pages a week.
- 2. Develop a notebook of required hand sewing and machine sewing techniques with appropriate descriptive information.
- 3. Develop a swatch book of fabrics including pertinent content information.
- 4. Complete one of the following beginning sewing projects:
 - a) Garment bag,
 - b) Utility apron,
 - c) Period shirt,
 - d) Period petticoat.
- 5. Construct one or more costume items for a major SRJC Theatre Arts production with effective and safe use of all appropriate equipment, tools, and materials.
- 6. Complete all assigned tasks, including organization, alterations, and practical maintenance of costumes used during the run of a major SRJC production.
- 7. Drape a basic body block.
- 8. Write a character analysis outline with supporting visual aids for costume design development.
- 9. Write a 500 word Design Statement essay for costume design development.
- 10. Create a research collage for costume design development.
- 11. Design and render a costume that is based on a specific character from a play, musical, or historical event, as a final project.
- 12. Price out and develop a budget of all necessary materials to construct a costume for the final costume design project.
- 13. Go on a shopping trip to gather all budgeted materials for the construction of the final project.
- 14. Complete the construction of a final costume design project by first using a commercial pattern and/or basic pattern drafting techniques and draping techniques.
- 15. Complete the construction of an accessory to accompany the final costume design project.
- 16. Multiple choice quiz on safety.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Character outline and one 500-word essay

Writing 5 - 10%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Homework assignments including: analysis, research, planning, purchasing

Problem solving 20 - 30%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Demonstration of costume constructions skills

Skill Demonstrations 30 - 50%

Exams: All forms of formal testing, other than skill performance exams.

Multiple choice quiz on safety

Exams 5 - 10%

Other: Includes any assessment tools that do not logically fit into the above categories.

Teamwork, promptness, and initiative

Other Category 20 - 40%
