## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Expand nursing knowledge beyond the boundaries of the Associate Degree in Nursing curriculum.

### **Objectives:**

The students will:

1. Plan an independent study in a specified area of nursing theory or practice.
2. Conduct the study via literature search, clinical investigation, or both.
3. Present the results of the study in a way that demonstrates the student's expanded knowledge.

### **Topics and Scope:**

Content will vary with the student, but would generally capitalize on a student's special interests or abilities.

### **Assignment:**

Vary according to focus:

Will be arranged by agreement of both student and instructor.

### **Methods of Evaluation/Basis of Grade:**

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.
