COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Since the purpose of the course is to afford students the opportunity for advanced, concentrated studies in Computer Studies appropriate to their own unique focus and circumstances, or in areas not covered by other courses in the curriculum, student learning outcomes will vary depending on the nature of individual students projects.

Objectives:

At the conclusion of this course, the student should be able to:

1. Demonstrate successful completion of the goals determined by consultations between student and instructor.

Topics and Scope:

To be determined by consultations between student and instructor.

Assignment:

To be determined through consultations between student and instructor.

Examples:

Programming project written in a programming language currently taught by the Computer Studies department.

Advanced Photoshop project creating a series of images and working with a print shop to produce a booklet.

Designing and implementing a complex Access or Filemaker database.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

None, This is a degree applicable course but assessment tools based on writing are not included because problem solving assessments are more appropriate for this course and this course includes essay exams that fulfil the writing component of the course.

Writing
0 - 0%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Computer-related projects

Problem solving
20 - 100%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations
0 - 0%

Exams: All forms of formal testing, other than skill performance exams.

Multiple choice, true/false, matching items, completion

Exams
0 - 80%

Other: Includes any assessment tools that do not logically fit into the above categories.

None

Other Category
0 - 0%

Representative Textbooks and Materials:

Instructor prepared materials
