		Non-contact DHR	0		Non-contact DHR	0

Total Out of Class Hours: 70.00

Total Student Learning Hours: 105.00

Title 5 Category: AA Degree Applicable

Grading: Grade or P/NP

Repeatability: 00 - Two Repeats if Grade was D, F, NC, or NP

Also Listed As:

Formerly: ASL 108

Catalog Description:

Introduction to the visual and gestural aspects of classifiers in ASL. Students will study various classifier types and functions and learn how to identify and incorporate classifiers in a variety of discourse styles and formats such as dialogs, presentations and storytelling.

Prerequisites/Corequisites:**Recommended Preparation:**

Course Completion or Concurrent Enrollment in ASL 1

Limits on Enrollment:**Schedule of Classes Information:**

Description: Introduction to the visual and gestural aspects of classifiers in ASL. Students will study various classifier types and functions and learn how to identify and incorporate classifiers in a variety of discourse styles and formats such as dialogs, presentations and storytelling.

(Grade or P/NP)

Prerequisites/Corequisites:

Recommended: Course Completion or Concurrent Enrollment in ASL 1

Limits on Enrollment:

Transfer Credit: CSU;

Repeatability: Two Repeats if Grade was D, F, NC, or NP

COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Demonstrate comprehension of presentations (in-class/online video) ASL which incorporate a wide range of ASL classifiers.
2. Produce extended dialogues in ASL which involve ample use of classifier signs.

Objectives:

Upon completion of this course, students will be able to:

1. Identify examples of handle, entity and trace classifiers in short videos of ASL discourse.
2. Demonstrate their skill in using handle, entity and trace classifiers by presenting short passages in ASL which incorporate one or more of these types of classifiers.
3. Recognize and describe the differences between the non-manual signals used to show emotion and those used to provide linguistic information.
4. Produce one or more short stories in ASL which incorporate several examples of handle, entity and trace classifiers and which also effectively use NMS and character role-shift.
5. Summarize a short story in either paraphrased ASL or written English which incorporate examples of handle, entity, and trace classifiers.

Topics and Scope:

- I. Introduction to Classifiers in ASL
- II. Functions of Classifiers
 - A. Prepositions
 - B. Number indicators
 - C. Adjectives
 - D. Adverbs
 - E. Nouns
 - F. Pronouns
 - G. Verbs

- H. Vague vs. specific
- I. Constructed Action
- III. Classifiers as Polycomponential Signifiers and Having Units of Multiple Meaning
 - A. Handshape
 - B. Movement
 - C. Path
 - D. Manner
 - E. Orientation
 - F. Figure and ground relationships
- IV. Types of Classifiers
 - A. Entity classifiers
 - 1. Represent an object or person
 - 2. Provide information about spatial relationships
 - 3. Describe movement - where and how,
 - 4. Show direction or path
 - 5. Give number information - exact or just plurality
 - 6. Provide details such as orientation
 - B. Handle classifiers
 - 1. Demonstrate hand manipulation
 - 2. Demonstrate object depiction
 - 3. Represent an action taken by the hands (or feet).
 - 4. Demonstrate instrument classifiers
 - C. Trace classifiers
 - 1. Show the outline of something
 - 2. Show the extent of something
 - 3. Trace the path of an entity
 - 4. Sometime called SASS (Size and Shape Specifiers)
 - 5. Adjective properties when descriptive
 - 6. Verb properties when showing extent
- V. Non-Manual Signals (NMSs) which Provide Meaning
 - A. Emotional signals
 - B. Linguistic signals
- VI. Referents used with Classifiers
- VII. Classifiers and Signers' Perspectives
- VIII. Integrating Classifiers into Various Literary Forms
 - A. Lecture/presentation
 - B. Storytelling
 - C. Poetic use of classifiers
 - D. Making context-based choices in integrating signs and classifiers

Assignment:

1. Translating Assignments - practice translating visual (online video assignments, dialogue with pairs or group, in-class activities, and web-based assignment)
2. Problem-solving assignments
 - a. Practice exercises from the workbook, video and teacher-prepared materials
 - b. Group practice in-class activities, games and other activities
 - c. Review of lessons from the workbook, video and teacher-prepared materials
 - d. Practice of conversational dialogues in ASL (as individuals, pairs, and small groups)
 - e. Practice of presentational or story-telling exercises in ASL which incorporate classifiers
 - f. Viewing and interpreting stories and descriptions in ASL which incorporate classifiers
3. Skill demonstrations

- a. Performance of conversational dialogues in ASL using classifiers
 - b. Three or four story-telling demonstration or non-fiction presentations in ASL which incorporate conventional signs and classifiers.
 - c. Viewing short live or videotaped passages in ASL which incorporate classifiers and preparing written, signed or paraphrased analyses or descriptions
 - d. Performance of narratives in ASL which will be videotaped for evaluations
4. Objective examinations
- a. Weekly or bi-weekly quizzes
 - b. Chapter exams
 - c. Midterms and finals

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Written analysis or description of ASL video or live presentation

Writing
5 - 10%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Practice exercises, in-class activities, lesson review, interpret stories and descriptions

Problem solving
20 - 40%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Performances (dialogues and narratives), presentations

Skill Demonstrations
20 - 40%

Exams: All forms of formal testing, other than skill performance exams.

Exams, quizzes, mid-term, finals; Multiple choice, True/false, Matching items, Completion
Other: Essays

Exams
20 - 40%

Other: Includes any assessment tools that do not logically fit into the above categories.

None

Other Category
0 - 0%
