# **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

- 1. Compare and contrast the historical, political, economic, and cultural development of Western and non-Western states.
- 2. Identify and evaluate institutional alternatives to explain differences in processes and policy outcomes of different states.
- 3. Evaluate the impact of domestic issues and globalization challenges on individual states.

# **Objectives:**

At the conclusion of this course, the student should be able to:

- 1. Define key terms and concepts used in comparative politics.
- 2. Apply basic concepts of comparative politics to identify similarities and differences between and among states, as well as political institutions, processes, and policies.
- 3. Compare and contrast the patterns of political and economic development of industrialized

- democracies, current and post-communist states, and newly-industrialized developing states.
- 4. Examine how identity, political socialization and political participation impact political culture in both Western and non-Western states.
- 5. Examine how individual countries deal with domestic issues and globalization challenges that impact our daily lives by comparing their public policy approaches and outcomes.
