### **Certificate/Major Applicable:**

Both Certificate and Major Applicable

## **COURSE CONTENT**

## **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

- 1. Present a design concept for a client project, including a bid.
- 2. Implement the design concept, utilizing project management skills.
- 3. Develop a post occupancy evaluation (POE) for a completed project.

### **Objectives:**

At the conclusion of this course, the student should be able to:

- 1. Collect relevant data to formulate program requirements as an initial step in the design process.
- 2. Create design concepts that are consistent with program requirements.
- 3. Analyze program requirements using applicable codes and standards.
- 4. Analyze and allocate space according to client needs and program requirements.
- 5. Develop design documents that reflect professional standards and techniques.
- 6. Create visual presentation materials that reflect professional standards and techniques.
- 7. Deliver a design presentation with reason and clarity.
- 8. Develop design solutions with appropriate speed and proficiency to meet established deadlines.
- 9. Produce accurate bids for a design job.

### **Topics and Scope:**

- I. Introduction to Design Projects
  - A. The design process
  - B. The design team
  - C. Ethics and client relations
- II. Programming/Pre-Design
  - A. Collecting relevant data

- B. Formulating program requirements
- C. Preliminary budget
- D. Creating design concepts consistent with program requirements

#### III. Codes and Standards

- A. Building codes
- B. Accessibility codes
- C. Energy codes
- D. Analyzing program requirements using applicable codes and standards

# IV. Developing Design Documents

- A. Floor plans
- B. Elevations and sections
- C. Reflected ceiling and lighting plans
- D. Mechanical, electrical, and plumbing plans
- E. Detail drawings
- F. Schedules and legends
- G. Furnishing specifications and background finish
- H. General specifications and requirements

### V. Client Presentations

- A. Visual presentation materials
- B. Effective oral presentation of design
- C. Acquiring design approval
- D. Design revision processing

### VI. The Bidding Process

- A. Researching contractors and other tradespeople
- B. Preparing bid documents
- C. Acquiring bids
- D. Reviewing bids with client
- E. Bid award

# VII. Project Management

- A. Issue purchase orders
- B. Receipt of goods, materials, and supplies
- C. Payment order requests
- D. Overseeing contractors and subcontractors
- E. Addendums and change orders
- F. Evaluating quality of work and products
- G. Post occupancy evaluation (POE)

All topics are covered in the lecture and lab portions of the course.

# **Assignment:**

## Lecture-Related Assignments:

- 1. Assigned reading (15-30 pages per week)
- 2. Oral presentations (2-3)
- 3. Final exam or final project presentation

## Lab-Related Assignments:

- 1. Design projects (2-3)
- 2. Bid packages (2-3)

#### Methods of Evaluation/Basis of Grade:

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

None, This is a degree applicable course but assessment tools based on writing are not included because problem solving assessments and skill demonstrations are more appropriate for this course.

Writing 0 - 0%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Design projects and bid packages

Problem solving 40 - 45%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

**Presentations** 

Skill Demonstrations 5 - 15%

**Exams:** All forms of formal testing, other than skill performance exams.

Exam or final project presentation

Exams 40 - 50%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category 5 - 10%

### **Representative Textbooks and Materials:**
