## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Demonstrate knowledge of counselor practice dimensions with core functions of addiction counselors.
2. Develop understanding of the roles and responsibilities of interns and supervisors.
3. Identify ethical issues related to the addiction counselors.

### **Objectives:**

Students will be able to:

1. Identify and explain the primary functions and practice dimensions of Technical Assistance Publication 21 (TAP-21).
2. Understand scope of practice and the role of the intern versus that of the certified professional.
3. Practice the ethical guidelines of the helping professions, especially as they pertain to confidentiality.
4. Create internship peer groups that facilitate learning through discussion, role-play, and feedback.
5. Assess and evaluate the role of the supervisor in the internship experience for future supervision.
6. Identify the sources and effects of stress and burnout in the helping professions.
7. Evaluate the positive and negative aspects of the internship experience.

### **Topics and Scope:**

- I. Understanding Addiction
  - A. Models and theories of addiction
  - B. Social, political, economic, and cultural context
  - C. Effects of psychoactive substances

2. Submit written entries for in-class group discussions and in-class role play
3. Weekly journal entries or weekly writing assignments on topics as, professional boundaries, importance of applying self-care, and meeting learning objectives
4. Development of a self-care and wellness plan, which will include strategies for stress reduction, healthy nutrition, resources to maintain well-being
5. Develop a resume integrating skills learned during field experience and develop a cover letter as well as exploring career/professional websites
6. Presentation on internship experiences on topics such as analysis of roles, and responsibilities, case studies, and/or treatment plans
7. One to five case study(ies) outlining student's assessment, treatment recommendations, and plan for implementation as well as referral resources
8. Midterm exam and final

## Methods of Evaluation/Basis of Grade:

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Written journals, self-care wellness plan, professional resume, case study, and group discussion written entries

Writing  
40 - 65%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Case study(ies), treatment plans, group discussion

Problem solving  
10 - 35%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Role-playing, presentation

Skill Demonstrations  
10 - 35%

**Exams:** All forms of formal testing, other than skill performance exams.

Midterm exam and final

Exams  
5 - 10%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation

Other Category  
10 - 25%
