COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Demonstrate all of the tasks legally delegated to the Registered Dental Assistant in a specialty practice and a general practice, at the beginner level. These duties include pit and fissure sealants, radiation safety and techniques, and coronal polishing.
2. Identify and apply skills necessary to participate as a member of a dental team and contribute to the comfort and safety of patients.
3. Demonstrate ethical behavior and professionalism as defined in the American Dental Assistants Association (ADAA) Code of Ethics.

Objectives:

At the conclusion of this course, the student should be able to:

1. Demonstrate ethics and professionalism as a member of the dental healthcare team.
2. Function as a chairside dental assistant in both general and specialty dental practices.
3. Perform instrument processing procedures.
4. Perform all Registered Dental Assistant (RDA) tasks under the appropriate level of supervision.

Topics and Scope:

I. Ethics and Professionalism

A. Personal hygiene

B. Grooming
