COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Assess the body to determine appropriate body types and select clothing styles appropriate to create the fashion illusion using the elements and principles of design.
2. Plan and organize a wardrobe for a working woman or man including styles, fabric and color choices.
3. Select fashion colors that coordinate with the individual's natural coloring.
4. Select clothing that communicates the individual's style, image for both private sector and business sector.

Objectives:

Upon successful completion of this course, students will be able to:

1. Discuss and compare how clothing communicates the social, economic, and psychological conditions of a culture.
2. Analyze appropriate clothing styles and silhouettes for various body types.
3. Prepare a diagram to scale of a body and evaluate the body for good proportion, comparing it to an ideal diagram.
4. Select appropriate fashion styles for the body that includes line, design motif, texture, proportion and scale, color and fabric.
5. Analyze an existing wardrobe to determine the appropriateness of each item and how it relates to overall wardrobe plan.
6. Recognize factors that influence appearance.
7. Prepare a basic wardrobe plan for working woman and man that includes style, fabric, and color choices and an analysis of design theory applied.
8. Describe the theory of color analysis and analyze the various color theories promoted in the marketplace.
9. Appraise factors that influence good fit in clothing.

10. Evaluate and compare wardrobe care for various clothing fabrics.
11. Predict future trends in clothing design manufacturing techniques.
