## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Recognize characteristic philosophical issues.
2. Identify and critically evaluate representative philosophical positions.

### **Objectives:**

At the conclusion of this course, the student should be able to:

1. Differentiate between philosophy and other disciplines, e.g., physics, literature.
2. Differentiate fields of philosophy, e.g., aesthetics, epistemology, metaphysics, political philosophy, philosophy of religion, philosophy of mind,
3. Examine key topics and questions within the above fields: God and religion, the nature of truth, philosophy of mind, free will and determinism, and morality.
4. Summarize, analyze, and evaluate key arguments addressing the above topics.
5. Provide philosophical interpretation of primary texts.
6. Analyze and evaluate contemporary applications of the above arguments.

### **Topics and Scope:**

- I. Philosophical Methods
  - A. Logic
  - B. Rationalism
  - C. Empiricism
- II. The Nature of Philosophical Issues
  - A. Overview of key philosophical fields and topics

- B. Relationship between philosophical issues and worldviews
- III. God and Religion
  - A. Existence and nature of God
  - B. Relationship between religion and science
  - C. Relationship between religion and morality
- IV. The Nature of Reality
  - A. Relationship between being and becoming
  - B. Relationship between mind and matter
- V. The Nature of Truth
  - A. Relationship between opinion and truth
  - B. Relationship between truth and knowledge
  - C. Coherence
  - D. Correspondence
  - E. Pragmatic theories
- VI. Personal Identity
  - A. Relationship between self and body
  - B. Relationship between self and thought
  - C. Relationship between self and consciousness
  - D. Relationship between self and society
  - E. Arguments justifying the claim there is no self
- VII. Free Will
  - A. Nature of free will
  - B. Determinism
  - C. Relationship between will and the good life
  - D. Relationship between free will and existential issues
- VIII. Morality
  - A. Nature of the good life
  - B. Relationship between religion and morality
  - C. Subjectivism
  - D. Relativism
  - E. Hedonism
  - F. Egoism
  - G. Altruism
  - H. Duty-based morality

  - J. Virtue ethics
- IX. Justice
  - A. Liberty
  - B. Equality
    - 1. Civil rights
    - 2. Natural rights
    - 3. Human rights
    - 4. Retributive justice
    - 5. Distributive justice

**Assignment:**

1. Regular reading assignments from course texts and supplementary material. Number of pages vary, depending upon difficulty of topic, concepts, and arguments. Typical reading assignment is 15-25 pgs
2. Regular reader response activities or assignments
3. Quizzes which cover the assigned readings

4. At least two midterms that require essays responding to material covered in class and texts
5. A final examination that requires essays responding to material covered in class and texts
6. Term paper about research on an issue raised in class and defense of a particular position on that issue. Length will vary, depending upon difficulty of topic, concepts, and arguments. Typical papers 1250 to 2500 words

**Methods of Evaluation/Basis of Grade:**

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Written homework, term paper	Writing 30 - 60%
<b>Problem Solving:</b> Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.	Problem solving 0 - 0%
None	
<b>Skill Demonstrations:</b> All skill-based and physical demonstrations used for assessment purposes including skill performance exams.	Skill Demonstrations 0 - 0%
None	
<b>Exams:</b> All forms of formal testing, other than skill performance exams.	Exams 40 - 60%
Exams will include multiple choice and essay	
<b>Other:</b> Includes any assessment tools that do not logically fit into the above categories.	Other Category 0 - 20%
Attendance and participation; reader response activities
