COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Identify, analyze, and evaluate current graphic design within the context of past graphic design movements as to the design's effectiveness and influence on our day-to-day lives.
2. Find effective resources from graphic design history to apply to contemporary design.

Objectives:

In order to achieve these learning outcomes, during the course students will:

1. Evaluate and interpret the content of our present graphic and visual communications environment through understanding the sources of contemporary graphic design.
2. Analyze and describe past graphic design movements styles as they reflect the culture of various periods from prehistory to today.
3. Examine how our lives are influenced by our relationship to the graphic and visual communications environments around us.
4. Develop ideas for new design through exposure to alternative graphic and visual design styles.
5. Locate and utilize resources from graphic design history.
6. Evaluate the multicultural and gender influences on Western design by identifying global contributions.

Topics and Scope:

I. Introduction

A. Essence of graphic design

1. Bring order and clarity to information
