COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Serve in a leadership position on a news media staff, facilitating the news production process and demonstrating leadership abilities to help guide less-experienced journalism students in their skills development.
2. Write and edit typical genre stories in all of the following sections: news, feature, opinion, sports or arts and entertainment.
3. Create story packages for print or online that may include the main article, sidebars, photos, charts and/or illustrations.
4. Create two types of multimedia, social media or mobile journalism news or feature stories.

Objectives:

At the conclusion of this course, the student should be able to:

1. Participate in or run story budget meetings and discuss libel and ethical issues as they apply to news media production.
2. Articulate elements of magazine design, headline and cutline writing, photo selection and page layout.
3. Demonstrate ability to help with and/or delegate tasks associated with magazine and website production, such as copyediting, headline and cutline writing, photo editing, design, layout and circulation.
4. Develop story ideas, conduct research and interviews, and write articles for three or more of the following sections: news, feature, opinion, sports or arts and entertainment.
5. Create story packages for print or online that incorporate an article, sidebars, charts,

illustrations, audio (podcasts), photos, video or other multimedia elements.

6. Edit stories for content, Associated Press (AP) style, grammar and punctuation for both web and print.

7. Demonstrate ability to upload stories and photos to website.

8. Demonstrate ability to design pages or make corrections using page design software.

9. Select articles, photographs and artwork for publication.

10. Prepare and deliver a presentation on a specialized journalism topic to the class.

Topics and Scope:

I. Oak Leaf Manual
