COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Identify, compare, and contrast the major periods, styles, and movements of interior design from around the globe and from ancient times to the present.
2. Evaluate the impacts of social, cultural, and economic factors on the historical evolution of interior design.
3. Identify and analyze historical design styles, architects, and designers and their influence on current design practices.

Objectives:

At the conclusion of this course, the student should be able to:

1. Identify the major periods, styles, and movements of interior design.
2. Classify furniture, fixtures, and accessories to those periods, styles, and movements based on materials and other design elements.
3. Evaluate the impacts of social, cultural, and economic factors on the historical evolution of interior design.
4. Compare and contrast the functionality and aesthetics of furnishings and decor from ancient times to the present.
5. Prepare a professional quality portfolio that includes major architectural and interior design features and styles of the periods and locations studied.
6. Identify important architects and designers by their works and describe their impact on the design of interiors and the evolution of the professional discipline.
7. Identify interior design and architectural elements from books, magazines, film, social media, the internet, or travel.
