COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Write performance objectives related to an Administration of Justice project or research.
2. Identify and apply key learning outcomes associated with a research/independent study project.
3. Complete a final report or a research/independent study project.

Objectives:

At the conclusion of this course, the student should be able to:

1. Write performance objectives in a contractual format describing academic research to be completed on an approved topic in the subject of administration of justice.
2. Compile and analyze academic research based upon established performance objectives.
3. Analyze and evaluate in a final paper the completed research on the topic stated in the performance objectives contract.

Topics and Scope:

Topics will vary according to student needs. Student and instructor will develop an individual study based on a written contract between the student and a supervising faculty member of the department. The contract will include but not be limited to:

1. Definition, selection and exploration of topic.
2. Specialized subject area as approved by instructor.
3. Standard research methods for collection of data and research.
4. The final process for assessment and evaluation.

Assignment:

Assignments will vary with instructor, type of project, and number of units.

1. Research paper and/or observation reports

Other assignments may include:

1. Weekly progress report with oral, written and/or electronic summaries of completed research

(can be done as homework).

2. Note cards

3. Outlines

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Research paper and/or observation reports

Writing
20 - 80%
