COURSE CONTENT

Outcomes and Objectives:

Upon the completion of this course, students will be able to:

1. Describe the California laws of arrest by peace officers, private persons, service of arrest warrants, use of force, arrest dispositions, and pre-arrest subjects such as contacts and detentions, and custodial procedures.
2. Compare the jurisdiction and operation of the California Court system and the selection/election process for magistrates.
3. Distinguish and list the various charging documents applicable to bringing a case to court and considerations in charging or not charging a person with a crime.
4. Analyze and demonstrate knowledge of the various court processes after a criminal defendant is charged with a crime including arraignment, motions, and preliminary hearing; and due process considerations attached to each court state.
5. Describe the function of the grand jury system.
6. Analyze and evaluate the purpose and function of the plea bargaining process and other alternatives to trial.
7. Describe the trial process including jury selection, prosecution's case-in-chief, witness testimony, exhibits/evidence, motions, defense's case-in-chief, rebuttal testimony, jury instruction, jury deliberations verdict, sentencing and appeals.
8. Analyze legal concepts and make rational decisions about the prosecution of a case through the court system.

Topics and Scope:

1. ORIENTATION
