Required Software

To be successful in the class, you will need to have access to Microsoft Word. You can use Word 2013 or 2016 for this course. Microsoft Startup is not the same program and will not work in this class.

Dropping the Class

If you decide to discontinue this course, it is your responsibility to officially drop it. A student may be dropped from any class when that student's absences exceed ten percent (10%) of the total hours of class time. It is strongly advised that if you need to miss more than one class/homework deadline in a row that you contact the instructor to avoid being dropped from the class.

Tests and Exams

There will be weekly quizzes based on information in the text, lecture notes, and assignments. There is no final exam in this course. Students will complete a final assessment in Word.

You must take the quizzes by the deadlines; quizzes cannot be submitted late. The computer turns off the tests at midnight of the due date; however, if you are in the middle of the test at midnight, the computer will allow you to submit the quiz. No makeup of quizzes is allowed. If a quiz is not taken, "0" points will be assigned.

You may take the quiz more than once but your first submission will be the graded submission so please do not hit Enter until you have completed the quiz. If you click the quiz link and open the quiz you must take it! You cannot open the quiz, close it and then reopen it without incurring a penalty.

Unless you have a notice of accommodation from Disability Resources, you will have 20 minutes to complete the quiz. There is no timer in the quiz so you will need to watch your time. Be sure you have time to complete it before you click the link below. Again, once you click on the quiz link you must complete the quiz.

Most questions must be manually graded so don't panic when you don't see points for a question that is correct. I only have the ability to insert a few correct choices but rest-assured, I will look at each and every question before submitting the final grade for the week. You will know when I have entered the final grade because I will leave a comment in the quiz for you.

There will be videos and online resources included each week. The videos are not required, but are very informative.

Grading

Assignments are worth 10 points each and will be individually graded according to mailability standards. Rather than pass or fail, this grading system is based on mailability or try again. Mailability means that I feel comfortable sending your document in the mail with my name on it.

The following scale will be used:

- A = 10 = Perfect
- A = 9 = Mailable. Minor error in formatting; document could be mailed.
- B = 8 = Acceptable. Two minor errors in formatting; document could be mailed.
- C = 7 = Three minor errors or a typo or formatting error that that could be corrected.
- D = 6 = See * below. More than three errors. Spelling or content error. Instructions not followed.
- F = 0 = Assignment not turned in.

* Any assignment with 6 points or less (D grade) may be revised and resubmitted.

If the document is resubmitted and is perfect, 7 points (C grade) will be awarded. You only have one chance to redo your assignment. If you redo an assignment and make errors on the assignment that you are redoing, the initial grade will remain. All resubmitted work must be submitted before the next week's assignments are due. If the deadline is missed, the initial grade will remain.

Final Grades

The course grade is determined by dividing the number of points earned by the total number of points possible. The following grading scale will apply:

90% - 100% A

80% - 89% B

70% - 79% C or Pass

60% - 69% D or No Pass

00% - 59% F

All students are expected to do their own work and save documents to their individual disk. Students copying or claiming the work of others as their own will be given an F (zero points) for the assignments.

Late Policy

All assignments are due by midnight on the due date shown in the Modules link. You can submit an assignment before the due date, but, if you submit an assignment after the due date,

a 10% penalty will be deducted from the points possible for each day the assignment is late, up to a 50% deduction. Assignments will not be accepted after the last day of class for any reason.

Instructor Announcements and Q&A Forum

The instructor will post announcements on the “Instructor Announcements” page in Canvas throughout the course. Canvas notifies students according to their preferred Notification Preferences. A “Q&A Forum” is also available as a pinned Discussion to ask for assistance of your classmates or of the instructor.

Standards of Conduct

Students who register in SRJC classes are required to abide by the SRJC Student Conduct Standards. Violation of the Standards is basis for referral to the Vice President of Student Services or dismissal from class or from the College. See the [Student Code of Conduct page](#).

Collaborating on or copying of tests or homework in whole or in part will be considered an act of academic dishonesty and result in a grade of 0 for that test or assignment. Students are encouraged to share information and ideas, but not their work. See these links on Plagiarism: [SRJC Writing Center Lessons on avoiding plagiarism \(Links to an external site.\)](#)
[SRJC's statement on Academic Integrity](#)

Special Needs

Every effort is made to conform to accessibility standards for all instructor-created materials. Students should contact their instructor as soon as possible if they find that they cannot access any course materials. Students with disabilities who believe they need accommodations in this class are encouraged to contact Disability Resources (527-4278).
