Required Text: *A Global History of Architecture* (GHA) by Ching, Jarzombek, Prakash; 2nd Ed.

Student Learning Outcomes

Upon successful completion of the course, students will be able to:

1. Identify the development of world architecture from Gothic period to the 20th century in the context of time and place.
2. Analyze major architectural forms and representative buildings from Gothic period to the 20th century.

Participation: Your participation is vital to the success of this class. Please read the material BEFORE the next class period as indicated on the schedule above. You will be asked to discuss issues of importance to subjects covered in class. Note: Please turn off electronic devices/phones etc...; and if you use a laptop for note taking, please leave the sound off.

Student Conduct: Conduct in the classroom will reflect awareness of common standards of decency and the rights of others. All students are expected know the Student Conduct Code and adhere to it in the classroom. Students who violate the code may be suspended from two classes and referred to Vice President of Student Services for discipline. Please read the Student Conduct Regulation. No eating or drinking in class.

Respect: One mark of respect to the teacher and fellow students is being on time for the beginning of class. In addition, show respect to others when they are talking by listening actively, and by being polite - even if in disagreement with another's viewpoint.

Academic Integrity: All written work is to be original; plagiarism of any kind will result in a failing grade on that assignment. Students who plagiarize or cheat may be suspended (for one or two class meetings by the instructor) and referred to the Vice President of Student Services for discipline sanction, in cases of egregious violation. Please read the college policy/procedure on academic integrity. Please visit <https://rightsresponsibilities.santarosa.edu/academic-integrity> for more information.

Emergency Evacuation Plan: In the event of an emergency during class that requires evacuation of the building, please leave a class immediately, but calmly. Our class will meet on the sidewalk located near the street to the west of the building to make sure everyone is safe and to receive further instructions. If you are a student with a disability who may need assistance in an evacuation, please see me during my office hours as soon as possible so we can discuss accommodations.

Accommodations for Student with Disabilities: If you need disability related accommodations for this class, such as a note taker, test taking services, special furniture, etc., please provide the Authorization for Academic Accommodations (AAA letter) from the Disability Resources Department (DRD) to the instructor as soon as possible. You may also speak with the instructor privately during office hours about your accommodations. If you have not received authorization from DRD, it is recommended that you contact them directly. DRD is located in Analay Village on the Santa Rosa campus, and Jacobs Hall on the Petaluma Campus. Please visit <https://drd.santarosa.edu> for more information.

Writing Assistance: As a student, you may want to take advantage of the services available to you to help you research, compose and write your papers. The Librarians are a fantastic source of help on the research side and the Writing Center can help you organize and write your paper. Please visit and <https://libraries.santarosa.edu/rap> and <https://english.santarosa.edu/writing-center-0> for more information.
