

Required Course Materials:

I am currently using this syllabus feature to make students aware of the materials needed for the course.

The following are required for purchase for this course:

- [**Scribd.com Membership \(\\$0.00 - 8.99 per month\)**](#) - This link will allow you to sign up for the service that will grant you access to our [bookshelf for the course](#). Most assigned texts can be found here and links to the assigned reading to here will be provided in the modules within Canvas, our course management system. This link will get you 2 months free to start and that should be all you need to complete the course.
- **Don't forget to cancel at the end of the course!**
- There will be other materials required for reading during the course, however, these will available as ebooks and pdfs through the SRJC Library and on the web and will be posted, by me, on our Course Site. Please ensure that you are familiar with how to access and read ebooks through the SRJC Library website. This can be done either on or off-campus.
