

Required Course Materials

I am currently using this syllabus feature to make students aware of the materials needed for the course.

- [**Scribd.com Membership**](#) - linked is the site where you can purchase the online subscription to gain access to the book collection for this course. The link will give you 2 months free. After the first two months the subscription is \$8.99 and you will need it for 0 months. This means you will likely not pay anything for the books for this course. A link to our course collection is provided in the second module and each individual reading assigned will also be linked in the relevant module.

Total Cost for books for course: \$0.00 - 8.99.

Once you have purchased the membership, please click on the link below to access the course bookshelf:

[**RELS 7 Course Bookshelf**](#)

Don't forget to cancel at the end of the course!

- There will be other materials required for reading during the course, however, these will be available as ebooks and pdfs through the SRJC Library and on the web and will be posted, by me, on our Course Site. Please ensure that you are familiar with [how to access and read ebooks and journal articles through the SRJC Library website](#) when you are not on campus. Access to these materials is available either on or off-campus.
