Participation:

Students must participate in order to learn a language. Participation includes being on time and present for the entire class meeting, doing one's best in class, completing (or attempting to complete) classwork and homework and submitting them in a timely manner. This is a skills-based course, which requires participation and effort during every class session and regular practice outside of class. It is extremely important for you to review all class work between classes and for you to practice what you learn every day. **The more time and effort you put into the class, the more you will learn. Mistakes are a part of learning. Please make many mistakes, ask questions often, and encourage your classmates to do the same.**

Please show respect for others by maintaining a classroom type of environment.

Participate in zoom classes in a quiet area without distractions so you do not interrupt others' learning. **Mute your device during zoom classes when background noise is present or while another person is speaking.** Additionally, please use appropriate speech and clothing for interactive video classes and **refrain from eating, drinking and chewing gum into the microphone during zoom classes.**
