COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Describe the major theories and areas of research in Social Psychology and explain their implications for present-day societies.
2. Analyze the historical and current trends in the field of Social Psychology.
3. Evaluate the assets, limitations, and ethics of the various research designs in Social Psychology.
4. Explain how research findings can be generalized across time and cultures.
5. Explain gender differences in social cognition and social behavior.
6. Apply social psychological theories and principles to critically assess current events related to the field.

Objectives:

Upon completion of this course, students will be able to:

1. Discuss the major psychological research theories in the field of social psychology.

2. With examples, describe and apply various types of research methods used for studying social behavior.
3. Explain how individual personality characteristics (e.g., motivation, feelings, attitudes and cognitive processing) and environment (e.g., norms and cultural rules) interact to influence the individual's goals, beliefs and decision-making processes.
4. Compare and contrast the four core processes of social cognition (attention, interpretation, judgment and memory).
5. Define self-presentation and analyze how self-presentation is important to appearing likable, appearing competent, and conveying status and power.
6. Distinguish the difference between persuasion and cognitive dissonance, and appraise how these concepts create attitude changes.
7. Differentiate among various types of social influences (e.g., conformity, compliance and obedience).
8. Discuss reasons for obtaining mates and reasons for ending relationships.
9. Compare and contrast the genetic, neural and chemical, and social situational influences of aggression and aggressive behaviors.
10. Provide definitions, causes, and ways of reducing stereotypes, prejudice and discrimination.
11. Evaluate how theories of cooperation/conflict, competition/altruism, and conservation/short-sighted selfishness positively and negatively affect the immediate and global environment in which people live.

Topics and Scope:

1. Introduction to Social Psychology
2. Methodology: Research Methods
3. Social Cognition: How We Think About the Social World
4. Social Perception: How We Come to Understand Other People
5. The Self: Understanding Ourselves in a Social Context
6. Social Influence: Conformity, Compliance, and Obedience
7. Attitudes and Attitude Change: Influencing Thoughts and Feelings
8. Interpersonal Attraction: First Impressions to Close Relationships
9. Prosocial Behavior: Understanding Why People Help Other People
10. Aggression: Understanding Why People Hurt Other People and Prevention
11. Prejudices, Stereotyping and Discrimination: Causes and Cures
12. Group Processes: Influences in Social Groups
13. Social Dilemmas: Conflict, Cooperation, and Resolution
14. Integrating Social Psychology: Attaining a Sustainable Future

Assignment:

1. Read approximately 25-35 pages per week, and recapitulate assigned material in the textbook, and if applicable, supplements.
2. Write a minimum of 1000-1500 word essay(s) or term/research paper for the purpose of learning research skills, enhancing course knowledge, and improve critical thinking and writing skills.
3. Take 2-4 exams and one final exam on lectures, reading, concepts, and terminology.
4. Oral presentations and/or group projects may be assigned.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Homework, essay(s) or term/research paper

Writing
10 - 25%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving
0 - 0%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations
0 - 0%

Exams: All forms of formal testing, other than skill performance exams.

Multiple choice, True/false, Essay exams, Fill-in, Short Answer

Exams
75 - 90%

Other: Includes any assessment tools that do not logically fit into the above categories.

Oral presentations and/or group projects may be assigned.

Other Category
0 - 10%
