# **COURSE CONTENT**

## **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Identify historical concepts, events, and policies that explain the socio-political and economic status of various racial ethnic groups in U.S. institutions.
2. Analyze intersections of race, ethnicity, class, gender, and immigration in race relations in US History.

## **Objectives:**

At the conclusion of this course, the student should be able to:

1. Demonstrate analytical interpretation of the past using historical methodology and examination of primary and secondary sources.
2. Compare and contrast different historical interpretations to explain historical events and societal change over time.
3. Identify the legacies of racism and sexism and their impact on American law and custom.
4. Analyze the critical role of gender and ethnic groups in political, economic, social and cultural developments in the United States.

## **Topics and Scope:**

### **I. History as Social Science**

- A. Understanding the present through analysis of the past
- B. The study of history: methods of inquiry, primary and secondary sources, analysis and critical thinking
