## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Define the basic anthropological concepts, terms, and theories used in the study of culture and art, and apply them to Native American artistic traditions.
2. Identify traditional Native American art forms and distinguish specific works of art by society and/or regional identity.
3. Recognize and interpret the cultural symbolism in Native American art forms and designs, and describe the influences of other societies (both Native and non-Native) on Native American art development.

### **Objectives:**

At the conclusion of this course, the student should be able to:

1. Apply anthropological concepts and make use of technical terms related to Native American art.
2. Identify by society or regional culture specific works of art, styles, and designs in ceramics, basketry, textiles, woodcarving, jewelry, leather works, and monumental architecture.
3. Identify artistic creations by renowned individual Native American artists.
4. Compare and contrast art forms and design elements from several different Native American societies.
5. Examine the expression of spiritual ideas, gender roles, environmentalism and oral traditions

in Native American art.

6. Identify European and other cultural influences on Native American art and describe how Native artisans incorporated new ideas or technologies while maintaining their deep traditions.

### **Topics and Scope:**

- I. Anthropological Concepts and Overview of Native American Culture Areas
  - A. Concept of culture
  - B. Art in cultural context
  - C. The culture area concept

3. One or two short quiz(zes) required.
4. Writing assignments 1500-2000 words total in the form of 4-8 written museum assignments (250-500 words each). Other short reaction papers may also be included.

## Methods of Evaluation/Basis of Grade:

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Written museum assignments and short reaction papers

Writing  
15 - 30%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving  
0 - 0%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations  
0 - 0%

**Exams:** All forms of formal testing, other than skill performance exams.

Essay exams, Quizzes and Slide Identification

Exams  
65 - 70%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Attendance, Projects

Other Category  
5 - 20%
