## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Recognize and describe the pre-operative, intra-operative, and post-operative care for veterinary patients.
2. Identify and explain dental disease, prophylaxis and extractions on veterinary patients.

### **Objectives:**

Upon completion of this course, students will be able to:

1. Identify surgical and dental instrumentation.
2. Describe appropriate surgical instrument and surgical suite preparation.
3. Describe and evaluate sterile protocols including pre-surgical patient preparation and intra-operative assistance.
4. Describe common surgical protocols and procedures and explain them to clients.
5. Evaluate and complete proper surgical medical records.
6. Describe dental anatomy, pathogenesis of periodontal disease, and common dental procedures including prophylaxis and extractions.
7. Evaluate and describe post surgical monitoring and after care procedures.
8. Perform a pain assessment on a surgical patient.
9. Place routine bandages and assist in the placement of a splint or cast.
10. Perform simple interrupted skin sutures and describe other common suture patterns.
11. Evaluate suture material and identify appropriate use of suture instrumentation and suture selection.

12. Evaluate and describe proper protocols for IV catheter placement, use and monitoring.

### **Topics and Scope:**

1. Surgical Preparation
  - a. Patient risk assessment
  - b. Patient preparation and scrubbing
  - c. Surgical team scrubbing, gowning and gloving
  - d. Sterile technique and room preparation
2. Surgical Nursing and Assistance
  - a. Common surgical procedures
  - b. Surgical monitoring
  - c. Induction and intubation
  - d. Pain assessment of veterinary patients
3. Surgical Instrumentation
  - a. Identification and common uses
  - b. Surgical pack preparation
4. Post Operative Patient Care
  - a. Initial recovery
  - b. Common post operative treatment
  - c. Discharge instructions
5. Suturing Materials and Suturing Techniques
6. Application of Bandages, Splints and Casts
7. IV Catheter Placement
8. Veterinary Dentistry
  - a. Normal companion animal dental anatomy and dental assessment
  - b. Dental terminology and directional anatomy
  - c. Dental prophylactic procedures
  - d. Periodontal disease pathogenesis and other common dental diseases
  - e. Dental radiography
  - f. Dental extractions
  - g. Preventative dental care and home care
  - h. Dental anatomy and care of laboratory animals
  - i. Dental anatomy and care of large animals

### **Assignment:**

1. Reading in texts and handouts (20-40 pages/week)
2. Reading, summarizing, and answering questions regarding case studies or veterinary/anatomical research papers
3. Developing and critiquing hospital protocols and client handouts
4. Identification of structures on and recreation of anatomical diagrams
5. Presentations on surgical protocols and procedures
6. Demonstrations of clinical skills (suturing, splint placement, etc)
7. Quizzes (up to 10), midterms (up to 2) and final exam

### **Methods of Evaluation/Basis of Grade:**

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Hospital protocols and client handouts

Writing  
10 - 30%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Hospital protocols, case studies

Problem solving  
10 - 30%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Presentations, Mock in-class procedures of suturing, splint placement, etc

Skill Demonstrations  
10 - 30%

**Exams:** All forms of formal testing, other than skill performance exams.

Quizzes, midterms, and exams: multiple choice, true/false, matching, completion, identification, case study comprehension

Exams  
40 - 60%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

None

Other Category  
0 - 0%
