| | | Contact Total | 3.00 | | Contact Total | 52.50 |
| | | Non-contact DHR | 0 | | Non-contact DHR | 0 |

Total Out of Class Hours: 70.00

Total Student Learning Hours: 122.50

Title 5 Category: AA Degree Applicable

Grading: Grade Only

Repeatability: 00 - Two Repeats if Grade was D, F, NC, or NP

Also Listed As:

Formerly: CSKL 100

Catalog Description:

Instruction in advanced arithmetic skills designed for Health Science students. Prepares students for success in medication administration through advanced skills development with fractions, decimals, and percents. Teaches methods of conversion between metric, household, and apothecary systems. Introduces and develops advanced skills in calculating drug dosages in preparation for safe administration of medications in the health field.

Prerequisites/Corequisites:

Completion of CSKLS 371; OR CSKLS 368B or higher; OR Qualifying Placement from Math Assessment.

See Student Success & Assessment Services (assessment.santarosa.edu) for more information about the assessment process.

Recommended Preparation:

Eligibility for ENGL 100 or ESL 100

COURSE CONTENT

Outcomes and Objectives:

Upon completion of this course, students will be able to:

1. Compute advanced operations in addition, subtraction, multiplication, and division of whole numbers, fractions, and decimals.
2. Solve complex word problems involving multiple operations.
3. Convert metric, household, and apothecary formulas.
4. Use various methods to solve basic pharmacology problems.
5. Calculate drug dosages for oral and parenteral administration.
6. Identify medication errors in a case study or in situational word problems and respond with a solution.

Topics and Scope:

1. Advanced skills development of operations
 - a. Addition
 - b. Subtraction
 - c. Multiplication
 - d. Division of
 - 1) Whole numbers
 - 2) Fractions

- 3) Decimals
- 4) Measurements
- 2. Conversions as applied to Health Sciences
 - a. Fractions
 - b. Decimals
 - c. Percents
 - d. Metric
 - e. Household
 - f. Apothecary
- 3. Health science problems using various methods
 - a. Ratio-proportion
 - b. Equations
 - c. Formulas
 - d. Dimensional analysis
- 4. Measurement systems and their application in basic pharmacology problems and conversions within and between systems
 - a. Household
 - b. Metric
 - c. Apothecary
- 5. Simple and complex drug dosage calculations for safe administration
 - a. Oral
 - b. Parenteral
 - c. Pediatric--weight and body surface area
- 6. Standard abbreviations and conventions of drugs
 - a. Labels
 - b. Orders
 - c. Records
 - d. Reconstitution of powdered drugs
- 7. Typical errors involving dosage calculations
 - a. Computational errors
 - b. Dosage errors
 - c. Safety assessment errors
 - d. Errors in selection of devices used to administer medication
- 8. Lab: Practical demonstrations of lecture concepts

Assignment:

- 1. Approximately 13 to 20 homework reading and calculation assignments
- 2. 10-16 quizzes and 1-3 exams
- 3. Lab: Computer-assisted exercises and hands-on measurement and calculation assignments
- 4. 6-10 written responses to case studies and situational word problems containing medication errors
- 5. Comprehensive final exam

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

| | |
|---|---------------------------------|
| Written responses to case studies | Writing 0 - 5% |
| Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills. | |
| Homework and lab problems; case studies | Problem solving 5 - 10% |
| Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams. | |
| Hands-on lab assignments | Skill Demonstrations 5 - 10% |
| Exams: All forms of formal testing, other than skill performance exams. | |
| Quizzes, exams, final exam | Exams 75 - 85% |
| Other: Includes any assessment tools that do not logically fit into the above categories. | |
| Lecture and lab participation | Other Category 5 - 5% |
